

**Finally Being Demolished**

Following a long legal battle in Pettis County Circuit Court, work got underway last week in demolishing the Riley-Hall Building, 112 West Second. According to the

wrecking crew superintendent, Sam Blum, work on the last of three old, condemned buildings, should be finished by Monday. (Democrat-Capitol Photo)

## Demolition Work Nearly Finished

The Riley-Hall building, 112 West Second, was expected to become a landmark of history by Monday afternoon, according to Sam Blum, superintendent of the local demolition crew from the Dore Wrecking Co., Kawkawlin, Mich.

The removal of the Riley-Hall building concludes several years of effort on the part of the city to get rid of three certified dangerous structures.

Last month, the Peters building, 114 West Second, and the Ghosen building, 116 West Second, made their entrance into history through the efforts of the wrecking crew.

Of the Riley-Hall building itself, Blum described it as the most dangerous to remove. Blum said that the difficulty with Riley-Hall, the last one to undergo demolition, was the danger of crumbling walls.

All three buildings had been condemned by City Building

Inspector Woodrow Garrison as unsafe. The City Council approved a \$14,800 bid to raze the Ghosen and Peters buildings in November. Last week, the wrecking company received word that the Riley-Hall building could also be torn down.

In January, Judge Frank Meyer of the Pettis County Circuit Court had ruled that Riley-Hall could be demolished, but allowed the owners of the building 30 days to appeal the ruling to the Missouri Supreme Court.

According to J. R. Fritz, city counselor, who was contacted by The Democrat-Capitol last week, the 30-day appeal period had run out without an appeal so that wrecking could begin.

Fritz said the wrecking company would be paid an undisclosed supplemental amount on top of the \$14,800 already called for in the demolition contract for the Peters and Ghosen buildings.

## House Ignoring Holiday

JEFFERSON CITY (AP) — The Missouri House ignored Washington's birthday holiday today in order to get started on a heavy docket of bills ready for debate and a staggering committee schedule.

The House was to reconvene at 4 p.m. The Senate does not return to work until 1 p.m. Tuesday.

Both houses have 18-year-old voting proposals on their calendars but the House plan is far

down the list while the Senate bill is within easy reach.

The issue has often been before the legislature but has never passed both houses. This time there is more pressure for such a constitutional change because the U.S. Supreme Court has ruled that 18-year-olds have a right to vote for president and in Congressional elections.

Everyone agrees that having a dual system would cause endless confusion so there is more

support in the legislature this time for extending voting rights to 18-year-olds at all levels of government.

Ready for passage in the Senate is another hot issue to boost the present 5-cent a gallon state gasoline tax to 7 cents.

Still kicking around in House committee is a proposal to put the tax increase and a bond issue together in one proposed Constitutional Amendment as recommended by Gov. Warren E. Hearnes.

Opponents of this approach point to high interest costs and charge a gas tax increase would be imperiled if it went to the voters in the form of a Constitutional Amendment.

Environmental pollution will be debated this week, both in the House and in committees which have set more than 100 bills for hearings.

Ready for debate in the House is a bill to give 2nd class counties air pollution control powers, another to prohibit the dumping of dead animals into streams and another to prohibit the sale of metal beverage containers unless they are made of steel or tin plate.

Aluminum cans do not disintegrate when thrown away. Environmentalists call them non-biodegradable.

Pending in a House committee is a bill that would let anyone from the attorney general on down to the private citizen take a suspected polluter of the environment into court.

House leaders announced they would start holding afternoon sessions next week in order to dispose of the increasing number of bills.

## WEATHER

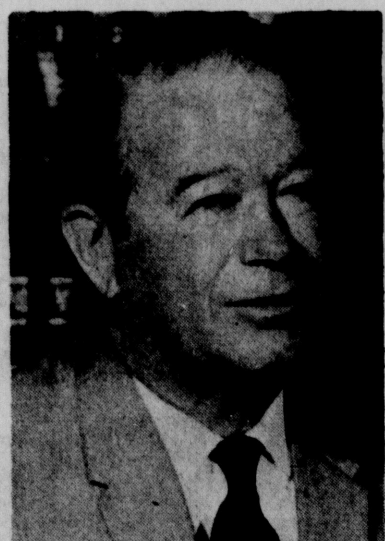

Fair to partly cloudy with a warming trend through Tuesday; low tonight 30 to 35; high Tuesday in the 50s.

The temperature today was 27 at 7 a.m. and 37 at noon. Low Sunday night was 27.

Lake of the Ozark Stage: 54.9; 5.1 feet below full reservoir.

Sunset today will be at 5:51 p.m.; sunrise Tuesday at 7:03 a.m.

## R. J. King To Speak At Dinner

R. J. King

R. J. (Bus) King, Jr., Republican floor leader in the Missouri House of Representatives, will be the guest speaker for the annual McKinley Day Celebration at 6:30 p.m. Thursday at Heber Hunt cafeteria.

The dinner is a project of the Pettis County Federated Republican Women's Club.

Rep. King, of the 39th District, St. Louis County, is the only Republican candidate to file so far for governor in the Republican primary.

Rep. King, who has served in nine general assemblies since 1942, is a member of the House Appropriations, Insurance, Municipal Corporations, Rules and Joint Rules Committees.

# Lose More Aircraft To Enemy Artillery

SAIGON (AP) — Enemy guns have brought down two more U.S. helicopters in southern Laos and field dispatches reported three men killed and three others wounded.

U.S. helicopter gunships went in after the downings and apparently destroyed the enemy gun positions.

The losses brought to 15 the number of U.S. helicopters reported shot down in the Laotian operations that got under way a week ago.

Not including the latest casualties, American losses in Laos, by account of the U.S. Command in Saigon, are eight men killed, nine wounded and two missing. Field reports indicate a higher toll, however.

According to the field reports not yet confirmed by the U.S. Command, three men were killed in the downing of a giant cargo helicopter, apparently carrying ammunition. Pilots flying nearby said they saw an air burst, apparently from a 37mm antiaircraft weapon, just before the helicopter went down.

The three men wounded were aboard the second helicopter. One was downed on Sunday; the other today.

Over the weekend, an American fighter-bomber renewed the attack on missile sites in North Vietnam while other U.S. warplanes bombed a CIA base in northern Laos accidentally.

In the ground war, South Vietnamese troops starting the second week of their drive in southern Laos reported they burned an abandoned North Vietnamese training center containing 400 buildings 12 by 15 feet. They said they also seized 400 bicycles the enemy used to carry supplies along the Ho Chi Minh trail, and swept up more caches of food and munitions.

The South Vietnamese also reported turning up another large stockpile south of Highway 9 about 12 miles southwest of the border outpost of Lao Bao. It contained three Russian trucks, 20 gasoline drums, two tons of Russian 122mm rockets, three tons of medical supplies and 700 shovels, headquarters said.

The attack on the SAM—surface-to-air missile—site 23 miles north of the demilitarized zone and five miles east of the Laotian border was the 11th this year against a North Vietnamese missile site and the first since Feb. 4.

The U.S. Command said the site's radar locked onto a flight of B52 bombers preparatory to firing on them, and an F105 in the escort fired a Shrike missile at the site in "protective reaction." It was not known if the missile hit anything, the Command added.

The B52s were bombing stretches of the Ho Chi Minh trail on the Laotian side of the border.

Earlier in the day a flight of Air Force F4 Phantoms had been summoned from a base in Thailand to help repel a pre-dawn attack on Long Cheng, the base in north central Laos which the U.S. Central Intelligence Agency operates for Gen. Vang Pao's guerrilla army of Meo tribesmen.

Official sources in Vientiane said the mistake bombing and

the enemy mortar and sapper attack wiped out a medical storage depot, a rice warehouse, several other buildings and a dozen houses in the town of Long Cheng.

Other sources said most of the damage at the base was caused by North Vietnamese mortars, while the air strike was responsible for many of the civilian casualties.

Sources said the CIA barracks was among the buildings destroyed, that it burned down.

No major fighting was reported at Long Cheng today. Official sources said government patrols were in full control after repulsing the attack early Sunday by 100 to 150 sappers.

South Vietnamese headquarters said its troops in Laos and U.S. aircraft supporting them killed a total of 449 North Vietnamese in the first week of the drive across the border. South Vietnamese casualties were 66 killed and 231 wounded, the command said.

The U.S. Command announced that another American helicopter was shot down Sunday while supporting the Laotian drive, and the three crewmen were wounded.

The South Vietnamese also reported that their parallel drive into eastern Cambodia ran into sharp fighting at three points, and 85 North Vietnamese and Viet Cong were killed. Six South

(See LOSE, Page 4.)

## Laotian Activity

The newspaper spots Long Cheng in Laos where U.S. warplanes blasting communist positions accidentally bombed the headquarters of a clandestine mercenary army organized

by the Central Intelligence Agency, American sources said. Six Laotians were killed, and one American was wounded.

(UPI)

## For Rail System

# Strike Chance Is Dim

WASHINGTON (AP) — The threat of a nationwide rail shutdown March 1 has dimmed considerably with announcement by the Labor Department of an agreement between carriers and the larger of two holdout unions.

The Brotherhood of Railway and Airline Clerks signed an agreement with representatives of the railroads Sunday after an all-night meeting presided over by Assistant Secretary of Labor W. J. Usery Jr.

Two other unions, the Brotherhood of Maintenance of Way

Workers and the Hotel and Restaurant Employees Union, had reached agreements Feb. 4. The two represent about 63,000 workers, compared with 180,000 members of the clerks' union.

Details of the weekend agreement were withheld pending a ratification vote by locals. "The demonstrated ability to reach agreement in the case of these three unions gives every reason to expect that an agreement should be achieved with the fourth union," said Secretary of Labor James D. Hodgson.

Yet to reach an accord is the United Transportation Union representing about 90,000 railroad workers. The UTU, however, unlike the clerks, has not indicated it would definitely strike after the March 1 deadline.

Congress imposed a strike ban last Dec. 10 to stop a short walkout. That ban ends March 1.

The congressional action required President Nixon to submit plans for a settlement no later than 15 days before the

(See STRIKE, Page 4.)

## Airport Theft Proving Costly

Thieves got away with an estimated \$14,000 worth of radio and navigational equipment, Sunday morning, taken from a plane at the Sedalia Municipal Airport.

A Beechcraft Bonanza, located in an unlocked hangar at the airport, was broken into by forcing a door. The plane was owned jointly by George Dugan, Jr., 2603 Plaza, David Routsong, 2509 Anderson, Richard Dean, 600 South Beacon, and Dr. Holmes Wilbur, 238 State Fair Blvd.

Dugan reported the break-in at 10:06 a.m. Sunday. In a conversation with The Democrat-Capitol Monday, Dugan described the break-in as the work of professionals or semi-professionals. "The way they removed the equipment, they had to be familiar with it," Dugan said.

The way the plane was stripped of the equipment, according to Dugan, would make it inoperable.

The loss to the plane's owners will not only be the replacement cost of the equipment taken, but the cost and labor of replacing the wiring in the plane. Dugan estimated that the ultimate cost of the break-in, including the ultimate cost of labor, to be around \$18,000 to \$20,000.

Besides the break-in of the Beechcraft Bonanza, another aircraft of the north side of the hangar was similarly pilfered, although to a lesser degree.

The owner of the second plane, R.J. Lindstrom, 1804 South Warren, said two radios, valued at \$2,500 were taken from his Cessna 182.

Both planes are believed to be covered by insurance.

## English Decimal Switch

LONDON — (AP) — Britain reluctantly yielded one of its most treasured traditions today, abandoning part of its 1,200-year-old money system for a streamlined decimal coinage that baffled many citizens.

Sales slowed down in many stores as wary shoppers paused to convert the prices in new pence back to the familiar shilling. Banks, reopening after a two-day shutdown to get ready for decimalization, asked customers who could wait to stay away.

Long lines of commuters got their first taste of decimal currency at ticket windows. A man in a London subway station handed back a new twopenny piece, saying: "I don't believe it is real money."

To millions of older Britons the end of heavy copper pennies, 12-sided threepenny bits and

12-penny shillings meant another painful reminder that Britain is no longer powerful enough to ignore the way things are done where the Union Jack doesn't fly.

The new currency is part of plans to put British weights, measures and amounts by 1975 on the decimal or metric systems used by the rest of Europe.

The pound is still worth \$2.40, but it now divided into 100 new pennies, each one worth 2.4 old pennies. Three new copper-colored coins — the halfpenny, penny and twopenny piece — came into use, joining three silver-colored decimal coins — the fivepenny, tenpenny and 50-penny pieces — that have been circulating for some time. Nondecimal coins will be withdrawn over the next 18 months.

## SFCC Enrollment Is Up

The office of student personnel at State Fair Community College announced Monday a record total enrollment of 875 students for the 1971 spring semester, representing an increase of nearly 100 from last year's spring semester.

Mrs. Gene Mowry, administrative assistant in the office, said that the number represents 690 regular students, compared with 566 last spring,

and 185 special students who include those taking courses in salesmanship, nurse's aide, carpentry, and other adult education courses.

Of the total 875 students, 704 are full-time equivalent students, compared with last year's 528.

President Fred Davis said that the increased enrollment is "normal growth that we have been anticipating." He pointed out that the second semester

usually brings in more students than the first, particularly transfer students.

Asked if the increased enrollment would put extra pressure on teachers and laboratory facilities, Davis assured that the situation can be handled without any problem.

Missouri Valley College, Marshall, has also announced a record enrollment of 900 students for the current semester. Of these, 624 are full-time students, 32 more than were on campus a year ago.

The previous high for a spring semester was in 1968 when there were 808 full-time students out of a total enrollment of 873.

Dr. W.L. Tomkins, college president, said that "this increase is a credit to the effectiveness of Valley's faculty and staff — people who have worked closely with the students."

## Hospital Board To Meet Tonight

The Board of Directors of Bothwell Memorial Hospital will meet this evening to discuss plans for the forthcoming hospital bond, according to Don L. Feebach, hospital administrator.

He said that the routine meeting will also finalize property acquisitions for the hospital.

## NEWS IN BRIEF

SAIGON (AP) — The U.S. Command announced today that the total of U.S. forces in Vietnam dropped another 2,100 men last week, to 332,900, and that another 1,555 troops are being prepared for withdrawal.

TOKYO (AP) — Communist China said Tuesday it has agreed to extend additional economic and military assistance to North Vietnam this year to help defeat the United States and its allies in Indochina.

ST. LOUIS (AP) — About 1,400 members of operating Engineers Local 148 are to return to work Wednesday at Union Electric Co. plants in Missouri, Illinois and Iowa for the first time since a strike began Nov. 29.

KANSAS CITY (AP) — A woman and her two children were found dead today at their apartment in suburban Merriam, Kan., apparently due to carbon monoxide poisoning.

## INSIDE STORIES

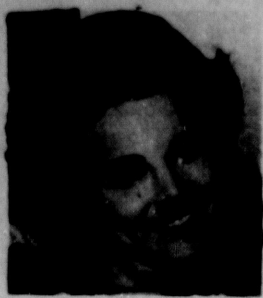

Democrats have given a boost to reform plans of two special commissions. Page 5.

## Symphony Concert Is Set For Tonight

The Sedalia Symphony Orchestra will present its second concert of the season at 8 o'clock tonight in the Smith-Cotton High School auditorium. Abe Rosenthal will direct the orchestra.

Guest artist will be David Hollander, 24, pianist, who will play the first movement of the Fourth Piano Concerto in G Major by Beethoven, as well as other solo selections.

Ann Landers

## Friend's Traits Reflect Loneliness

Dear Ann Landers: You get many letters from people who complain because they are lonely. They wonder why they have so few friends, and the few friends they do have don't call very often.

Just yesterday, a person I work with complained to me that no one likes her. I sat down and thought about the personality and character traits that I most dislike. Strangely enough, out of the ten traits, this person had seven. Here's the list and I hope you will print it, Ann. It might help some folks to see themselves as others see them:

1. A compulsion to show off knowledge.
  2. Exaggerates to the point that it's the next thing to lying.
  3. Moodiness. Friendly one day, unfriendly the next.
  4. Bossiness. Must run everything.
  5. Not reliable. Word is no good.
  6. Chronic complainer. Negative attitude about many things. Inveterate crepe-hanger.
  7. Nosy. Asks lots of questions that are none of her business.
  8. Gossipy. Knows everything about everybody and tells it. Makes you wonder what she is saying about you.
  9. Says things in anger then tries to smooth it over by buying a little gift.
  10. Always fishing for compliments but never gives any.
- Sign me — H-2 O Town, S. D.
- Dear Watertown: I hope every person who reads this column will measure himself against the list. I did — and you hit me on Number 4.

Dear Ann Landers: Two years ago I went through a messy divorce. I was depressed and miserable because I was the first in a family of five girls to have a marriage failure. Two weeks after the divorce I met a man who had beautiful hair and teeth. We were married after a whirlwind courtship.

A few months ago I noticed my husband's hair is thinning out. Last week he went to a dentist who discovered a gum condition that is threatening his teeth. I know this sounds crazy but these two features are very important to me. Without them he wouldn't look like much. I'm ashamed to tell anyone how worried I am. Can you give me some moral support and a word of advice? — Anonymous Please

Dear Anon: If your marriage was held together by hair and teeth I'm surprised it lasted two years. Stop being foolish. If your husband loses his hair he can buy a rug. If he loses his teeth, he can get china clippers. These days experts can rebuild, restore and transplant almost

anything. (Remember, I said almost.)

Dear Ann Landers: My sister and I are good bridge players. We married men who are tournament championship quality. Every Friday we get together for dinner and cards. It's gotten so I dread these evenings. The tension is terrible. My husband loses his

temper and cusses me out if I make a mistake. My sister's husband is just as bad. He got so mad last Friday he slapped her. Is there a way we can get these guys to curb their tempers? — A and P

Dear A & P: Probably not. Throw in the deck — permanently.

Hal Boyle's Column

## Keeping Proper Weight Important For Hearts

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

For your heart's sake, it is wise to be neither fat nor skinny. Studies show that people who are more than 20 per cent overweight or 10 per cent underweight are twice as likely to get coronary heart disease.

It is said that nine words do nearly a fourth of the work in the English language. The words are: and, be, have it, of, the, will, I and you.

The Japanese, who will complete a 477,000-ton oil tanker in 1973, are now considering one of a million tons that would be nearly half a mile long. Tankers of 300,000-plus tons, already plying the world's sea lanes, have deck space bigger than four football fields and stand as tall as a 15-story building.

Switzerland doesn't need a standing army, because the male population itself is an army. Every able-bodied man between the ages of 20 and 60 is subjected to immediate mobilization in case of military emergency.

Quotable notables: "We all of us want to make a good impression. The worse we are and the uglier, the more anxious we are to appear good and beautiful." — Luigi Pirandello.

When it comes to health, it pays to be rich. The poor have,

in proportion to their numbers, three times as much heart disease as the rich, seven times as many eye defects, and five times as much mental retardation. According to U.S. Sen. Jacob K. Javits, New York Republican, the poor also suffer six times more deaths from the complications of pregnancy, four times more deaths from tuberculosis, and 1½ more deaths from cervical cancer.

Worth remembering: "Don't worry too much about not being able to take it with you. In one place you wouldn't need it, and in the other you couldn't use it."

It is a wry joke among journalists that yesterday's newspaper is used to wrap a wet fish. But among Eskimos old newspapers and magazines serve another function. They are papered to the domes of igloos, where they freeze and stop any dripping.

The chances are one in 10 that you have bruxism—that is, you are so tense that you grind or grit your teeth while asleep.

It was Goethe who observed, "In all things we learn only from those we love."

The island Malta is 50 miles south of Sicily and 220 miles north of Tripoli in Africa.

## TENSION?

If you suffer from simple every day nervous tension then you should be taking B.T. tablets for relief.

Call on the druggist at the drug store listed below and ask him about B.T. tablets.

They're safe non-habit forming and with our guarantee, you will lose your every day jitters or receive your money back.

Don't accept a substitute for relief, buy B.T. tablets today.

**SEDALIA DRUG CO.**  
123 S. Ohio

NEW YORK (AP) — After having attained the greatest material output of any society, the United States—its religious, social and educational leaders, its business and government officials—is questioning what it has wrought.

A feeling has developed that the quality of life, the environment and human considerations may have become trampled in the quest for possessions. The very meaning of "progress" is in transition.

The questions aren't being asked only by ivory tower academicians or young radicals. The concern ranges widely, and includes even those corporate officials whose chief concern remains with profit.

Few top executives of major corporations have dared ignore the issues involved, so conscious are they that their own futures are involved.

In the current Michigan Business Review, Edward N. Cole, President and Chief Operating Officer of General Motors, is quoted as saying:

"I believe that there are three major management priorities for the 1970s—areas in which increased innovations must be forthcoming if we are to insure the continued vitality and success of American business:

"1. Acceleration of the pace of technological progress, to im-

prove products. 2. Improvements in the quality of life, and 3. More effective management and motivation of people."

The significant difference between such an outline and one that might have been made 10 years previous is that a distinction is made between the first and second priorities. Not long ago it was felt that No. 1 implied No. 2.

President Nixon, in his State of the Union Address, posed the question this way:

"In the next 10 years we will increase our wealth by 50 per cent; the profound question is, does this mean that we will be 50 per cent richer in any real sense, 50 per cent better off, 50 per cent happier?"

Prompting doubts such as these, which also can be found in scores of corporate annual reports this year, is the growing

contrast between rising income, as evidence of economic well being, and rising crime, pollution, drug abuse, civil disorder, poor housing and the like, as indications of social deterioration.

If we can measure our output with a fair degree of accuracy, it is asked, why cannot we measure the rise or fall in the quality of life?

The Dept. of Health Education and Welfare recently published a monograph on the chances for developing a program of social accounting to accompany economic reports.

To begin with, it suggests that physical and mental health and illness be measured. What is the life expectancy, how prevalent are emotional disturbances, what is the hypertension and ulcer rates, is the quality of medical care improving?

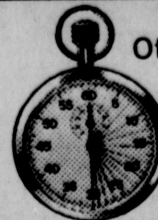

Angus Campbell, director of

the Institute for Social Research at the University of Michigan, maintains that the data which would go into such a program of social accounting are often as quantifiable as economic data. He fears, however, that economic and social statistics may never be combined to produce one index of social-economic health.

So does Edward F. Denison, a senior fellow at The Brookings Institution, Washington, whose views are published in "Survey of Current Business," the Commerce Department's monthly report of basic economic statistics.

Denison feels that the attempt would encounter intractable obstacles.

## Frightening Experiment On Hunger

LOUISVILLE, Ky. (AP) — Four dozen people jammed into an office for a 54-hour fast and test of what they think the world will be like in the year 2000.

Only 36 of them made it all the way. The other 12 fled to get food or to escape the other hazards simulating overpopulation and pollution.

"You really don't get hungry — you just get real tired," said 12-year-old Sam Biegelsen, one of those who stuck it out from last Friday noon to Sunday night.

Rosie Embry, a switchboard operator in her early 20s, couldn't agree less.

"I am shaking all over with hunger," she declared as she emerged from the scene of the experiment.

The participants, ranging in age from 12 to their mid-30's went into four rooms of a downtown office building.

There was no food, no privacy, only 20 square feet of living space per person, constant noise and light and one lavatory for the entire group.

Rosie's husband Ron, a cook, and one of the "survivors" said it was hoped the simulation would "make people aware of the ecological disaster facing the world."

Charles Aylworth, a graduate psychology student and one of the organizers of the experiment said:

"We've found people can adapt to stressful conditions. We will be able to keep living—mis-erably."

Aylworth, during a debriefing session just before the end of the test, said: "I firmly believe we have five, not more than 10 years, before we see irreversible changes in the environment. If we don't do something in this time to stop it we might as well pack up and forget it."

Mrs. Gwynne Harpring, a 30-year-old mother of two, was one of the dropouts. During the first night she said: "I don't know if I'll make it. I've never gone this long without food. But the noise — and the lack of privacy..."

Ten hours later she had succumbed to hunger pangs and the other irritations.

## Lose

(Continued from Page 1)

Vietnamese also were killed and 10 were wounded.

Cambodian troops trying to track down North Vietnamese gunners who rocketed the Phnom Penh airport Saturday night clashed with enemy troops about 10 miles northwest of the Cambodian capital. The Cambodian command said one of its soldiers was wounded and one North Vietnamese was killed.

Two of the three rockets landed inside the airport but caused no casualties or damage, a spokesman said. It was the third shelling of the airport in less than a month.

## He Waited 25 Years

SPOKANE, Wash. (AP) — Sgt. Major Oliver W. Peterson of Spokane waited 25 years to receive four medals he earned during 43 months of combat in the Army during World War II.

Peterson says the Army transferred him many times since his combat time and the medals just never caught up with him.

Peterson recently received all four medals during ceremonies at an Army Reserve unit in Spokane where he's now stationed. The veteran soldier was presented with a good conduct medal, a service medal and two campaign medals.

## Obituary

### Gladys Carver

Mrs. Gladys Carver, 67, 1022 East Fourth Street, died at Bothwell Hospital at 2 a.m. Sunday, a short time after she was stricken with a heart attack.

She was born in Pettis County, Feb. 8, 1904, the daughter of the late Ben F. and Stella Frances Mitchell Cramer.

She lived all of her life in Pettis County and Sedalia. She was married at Smithton, in 1922 to Ernest Carver.

Mrs. Carver was a member of the Epworth United Methodist Church.

She is survived by her husband, Ernest Carver; one son, Ernest J. Carver, 645 East Ninth; four brothers, Orville W. Cramer, 1806 East Broadway, Lester J. Cramer, 920 South Marshall, Emmett Cramer, 906 East Sixth, Orbery Cramer, Kansas City, three sisters, Mrs. Joe Bodine, Collinsville, Ill., Mrs. O. Lester Oerly, 1305 East 10th, Mrs. Emmett Wood, Independence, Mo.; and two grandchildren Mrs. Diane Stevens, Green Ridge, Steven Carver, 645 East Ninth.

Funeral services will be held at the Ewing Funeral Home at 2 p.m. Tuesday with the Rev. Walter P. Arnold officiating.

Burial will be in the Smithton Cemetery.

Funeral services for Claude L. Carver, 60, 1601 East Ninth Street, who died Friday, were held at 1 p.m. Monday at the Ewing Funeral Home with the Rev. Eugene Trice, officiating.

The Rev. Roy Dameron, soloist, was accompanied by Mrs. Clyde Waters, organist.

Burial was in the Memorial Park Cemetery.

### Claude L. Carver

Funeral services for Claude L. Carver, 60, 1601 East Ninth Street, who died Friday, were held at 1 p.m. Monday at the Ewing Funeral Home with the Rev. Eugene Trice, officiating.

The Rev. Roy Dameron, soloist, was accompanied by Mrs. Clyde Waters, organist.

Burial was in the Memorial Park Cemetery.

### Rev. Gilbert L. Neely

Funeral services for the Rev. Gilbert L. Neely, pastor of the Emmett Avenue Baptist Church, who died in Kansas City Friday night, were held at the Emmett Avenue Baptist Church at 3 p.m. Monday with the Rev. Orval F. Woolery officiating.

Raymond Hopper, soloist was accompanied by Mrs. Orval F. Woolery.

Deacons of the church serving as honorary pallbearers were, Dean Potter, Raymond Hopper, Albert Johnson, Seth White, Charles Rush and Wilbur Ditton.

Active pallbearers were H.R. Cusick, Keith Venable, Raymond Schultz, M.C. Harper, William Barnes and Larry Burnett.

Burial was in the Crown Hill Cemetery.

### Viola G. Hibdon

GRAVOIS MILLS — Funeral services for Viola G. Hibdon, 62, who died Saturday, were held at 2 p.m. Monday at the Gravois Mills Baptist Church with the Rev. Lloyd Patterson officiating.

Burial was in the Silvey Cemetery, near Gravois Mills.

### Jerry Lee Johnson

PLEASANTVILLE, Mo. — Funeral services for Jerry Lee Johnson, 12, who died Wednesday, were held at 3 p.m. Sunday at the Kidwell Funeral Home, Versailles, with the Rev. Ralph Hansen officiating.

Burial was in the Versailles Cemetery.

### Fillmore's Blaze

#### Still a Mystery

FILLMORE, Mo. (AP) — Cause of a fire which swept through two grocery stores, a garage and a vacant office building early Sunday on the edge of this city's shopping district was undetermined.

The Hanner Grocery, Ramsey's A. G. Grocery and Ramsey's Garage were "total losses," said Owen Proffitt, city councilman. Proffitt, who said he acts as chief of Fillmore's volunteer fire department, estimated the loss at between \$75,000 and \$100,000.

Local firefighters were assisted by units from Rosendale, Savannah, Oregon and Forest City, Proffitt said.

Fillmore is about 20 miles northwest of St. Joseph.

## Cabinet Rejecting Proposals

By THE ASSOCIATED PRESS

Israel's Cabinet is rejecting the peace proposals offered by U.N. mediator Gunnar V. Jarring, according to reliable sources in Jerusalem. The Egyptian government, however, replied "positively" to Jarring, the authoritative Cairo newspaper Al-Ahram reported.

The newspaper gave no details of the Egyptian response but said it had been forwarded to the Big Four governments.

Jarring submitted his proposals last week to Israel and Egypt. They have not been published, but it is understood they call for Israeli withdrawal from the Suez Canal and the Sinai Peninsula, occupied during the 1967 war; stationing of U.N. troops at the foot of the Sinai to protect Israeli shipping through the Strait of Tiran; and a declaration by Egypt of readiness to sign a peace treaty with Israel.

The two provisions concerning the occupied Arab territory were the basis of Israel's key objections, the sources said.

Israel has repeated often that the Sinai must not be released without a peace treaty and that it has little faith in U.N. peace-keeping forces. The informants said these old objections were brought up in Sunday's six-hour Cabinet meeting.

Premier Golda Meir's government also considered that Jarring overstepped his authority because his mandate from the U.N. Security Council authorized him to act only as a go-between and not as an initiator.

The sources said Israel would continue to press Egypt, through Jarring, for a response to its request last month that the Egyptians give a formal expression of willingness to conclude a peace treaty with Israel.

Leaders of most political parties in Israel and the Israeli press attacked Jarring's initiative, but in Washington, the State Department's leading specialist on the Middle East said the United States welcomes it.

Appearing on the CBS television program "Face the Nation," Joseph Sisco, undersecretary of state for Near Eastern and South Asian affairs, said Jarring "is now getting at the very crucial questions that have long divided the Arabs and the Israelis."

President Tito of Yugoslavia arrived in Cairo on a state visit, bringing President Anwar Sadat exchanges with President Nixon and British Prime Minister Edward Heath on the Middle East. It is understood he asked them to pressure Israel into softening its peace demands, and their replies arrived in Belgrade Friday. Tito is a solid backer of the Arabs.

Egypt sent two warplanes over Israeli positions on the Suez Canal Sunday, the Tel Aviv military command said, the first such intrusion since the cease-fire was extended Feb. 5. A spokesman said Israel complained to the U.N. Truce Supervision Organization.

The Israeli military command reported two skirmishes Sunday between its soldiers and Palestinian guerrillas. Sunday's fight occurred a few miles north of the Dead Sea near the Jordan River ceasefire line, a spokesman said, and there were no Israeli casualties.

Israeli soldiers killed four infiltrators near the Yiftah kibbutz near the Lebanese border, and two more Sunday night when an army patrol intercepted an Arab band in the Jordan valley a few miles north of the Dead Sea. No Israelis were hurt in either clash, the command said.

In the occupied Gaza Strip, Brig. Gen. Menachem Aviram, the Israeli military governor, removed the Gaza City Council in favor of an army officer he will appoint. He told council members they had failed to carry out their responsibilities.

But the guerrillas and army troops traded heavy machine-gun fire today in a contest area north of the city.

Son, to Mr. and Mrs. George Williams, Marshall, at 2:30 p.m. Friday at Fitzgibbon Memorial Hospital. Weight: 7 pounds, 13 1/4 ounces.

## Other Hospitals

FITZGIBBON MEMORIAL HOSPITAL, Marshall — Dismissed: Clifford Jarvis, Clarence Whitney, Mrs. Larry Skinner and daughter, John Newell, Perry Pannell, John Napier, Thomas Bowland, Mrs. Clarence Pannell, Mrs. Joseph Mackler, George Driscoll, Mrs. John W. Lane, and Mrs. Christina Whitman, all of Marshall; Mrs. Eva Asbury, Mrs. Inez Wade, both of Slater; Mrs. Larry Edde and son and Herbert Lunbeck, both of Malta Bend; Vickie Walbourn, Sweet Springs.

SWEET SPRINGS COMMUNITY HOSPITAL — Admitted: Carla Ann Sleeper, Lester Johnson, both of Sweet Springs, and Harvey Ziegelbein, Houstonia.

Dismissed: Mrs. Mary Ruth Price, LaMonte; Mrs. Pearl Johnson, Concordia.

## Sheriff's Report

Sheriff Emmett Fairfax said Monday that a 1966 Buick that was bought last week from Routsong-Malmo Motors Inc., 2901 South Limit, in exchange for a \$700 no-account check, was recovered Sunday in Springfield partially stripped.

Investigations indicate that the writer of the check, whose name has not been disclosed, is not a Sedalian, the Sheriff said.

He said that further investigations are being held into the no-account check transaction.

## Train Derailment

### Near Platte City

PLATTE CITY, Mo. (AP) — Platte County Sheriff's officers said 34 cars of a Chicago and North Western freight train derailed about five miles northwest of here around midnight.

Officials said no one was injured.

The 86-car freight was on its way to Kansas City from Des Moines.

Officers said the derailment left J highway between Platte City and Missouri highway 45 completely blocked at the Bee Creek crossing.

The freight cars were reported loaded with corn and soybeans.

A few box cars were still alongside the track from a similar derailment at the crossing several months ago.

Cause of the derailment was not immediately determined.

## Hospital

Dismissed — Henry H. Hontz, LaMonte; Roger B. Garlich, 2805 South Quincy; Mrs. Bessie O. Beaman, Syracuse; Mrs. Charles P. Brown and son, 1004 South Vermont; Mrs. Richard C. Lindenmeyer and son, 718 East 14th; Mrs. Albert Clark and daughter, 619 West Cooper; Virgil W. Herrick, 1525 South Barrett; Mrs. Joey F. Moore and son, Gravois Mills; Mrs. Robert E. Curry, Whiteman AFB; Mrs. Earl D. Bush, 1423 East Broadway; Mrs. Oscar A. Robertson and daughter, Warrensburg; Mrs. Louis H. Greife, Windsor; Mrs. Otto Cooper, 605 West 20th; Mrs. Homer C. Ferguson, Warsaw; Eric C. Carlson, Sunrise Beach; Jim Wilson, Independence; John W. Hall, Versailles; Mrs. Maude L. Ream, 122 1/2 South Ohio.

## Accidents

Two persons received minor injuries in a two-car accident at 32nd Street and Southwest Blvd. at 10:21 a.m. Sunday.

Injured were Mrs. Arlyle M. Donnell, 64, 2506 Wing Ave., the driver of one car and Donald P. Wheeler, 21, Mora, the driver of the other.

The accident apparently occurred as Mrs. Donnell was driving south on Southwest Blvd. Her car collided with Wheeler's car, which was driven west on 32nd Street.

Wheeler was treated and released from Bothwell Hospital. Mrs. Donnell was admitted to Bothwell, but her condition was not known.

MARSHALL — Mrs. Elizabeth J. Fields, 72, Napton, was hospitalized at Fitzgibbon Memorial Hospital here, with facial lacerations and chest injuries after a two-car accident at 1:35 p.m. Sunday in Marshall.

The accident apparently occurred at Lincoln and Yerby as Mrs. Fields' car was heading east on Yerby and collided with a car driven by Lester D. Jacobi, 17, Marshall, that was southbound on South Lincoln.

After initial impact, the Fields car spun out of control and struck a tree.

## Police Report

Stephen Pugh, 1108 South Ohio, reported to police at 5:38 p.m. Sunday that his apartment had been broken into.

Entry was gained through a door by pulling the hooks which secured it. Taken in the break-in were 12 stereo record albums and some food. The albums were valued at \$25.

## Police Report

Norvell Richardson, 724 North Osage, and Kenneth Smith, 314 East St. Louis, were turned over to the Pettis County Sheriff's office by Sedalia police in connection with the Feb. 11 break-in at the Looney and Bloess Lumber Co., Main and Washington. They are now charged with second degree burglary and stealing.

Taken in that break-in were a portable TV set, valued at \$80, a skill saw, worth \$39.99, and a sander valued at \$65.

Both men were arrested Saturday morning by Sedalia police. Richardson had been held for investigation of receiving stolen goods and stealing. Smith was held for investigation of breaking and entering.

A \$1,000 bond was set for each man, Sheriff Emmett Fairfax said.

## Air Force Member Kidnaped

ANKARA (AP) — At least three armed Turks, believed to be leftist extremists, kidnaped a U.S. Air Force enlisted man from an American base on the outskirts of Ankara early today.

U.S. officials said Airman I.C. Jimmy Finley, 24, of Fort Worth, Tex., was on guard duty when he was abducted.

The kidnapers entered the base undetected, apparently forced Finley into an Air Force pickup truck and drove the truck off the base about 3:30 a.m., firing a hail of bullets at American guards at the entrance.

The guards, who were unarmed, "hit the deck" at the guardhouse and were uninjured, officials said. They said Finley also was unarmed.

The truck was found abandoned about 10 miles outside Ankara, but there was no trace of Finley or the kidnapers.

The U.S. Embassy in Ankara asked the Turkish Foreign Ministry to insure that everything is done by Turkish authorities to arrange Finley's safe return.

Twelve hours after the abduction there had been no contact with the kidnapers.

Police said they had no clue to the identity of the kidnapers. But there has been a rising wave of anti-American violence believed caused by leftist extremists opposed to Turkey's membership in the North Atlantic Treaty Organization and its alliance with the United States.

American homes and installations have been the target of frequent bombing attacks in the past year.

The kidnaping took place at the Balgat base which contains a school for American children, dormitories, a commissary and service and recreation facilities for American military personnel stationed in Ankara.

## Strike

(Continued from Page 1)

ban ended, and Nixon complied Saturday, sending a package to Capitol Hill containing his proposals.

The contents of the package remain secret until Congress returns Wednesday from a Washington's Birthday holiday. Should negotiations fail with the U.T.U., Congress must act on whatever Nixon recommended since all means for presidential action have been exhausted.

Wages and work rules have been major issues.

All four unions involved, though not bargaining as a unit, sought a three-year contract including a 40-per cent hike in wages, a cost-of-living increase and other benefits. Workers now average about \$3.50 an hour.

The congressional legislation stopping strikes provided unions with a retroactive pay raise of about 50 cents an hour, or roughly 13 1/2 per cent.

A separate rail problem looms for March 5, deadline for a possible strike by the Brotherhood of Railroad Signalmen. However, this wage dispute remains subject to normal procedures under the Railway Labor Act, including imposition of a 60-day cooling-off period.

## NAACP Meeting

The Pettis County branch of the NAACP will hold its regular monthly business meeting at 7:30 p.m. Tuesday at Taylor's Chapel United Methodist Church, 400 North Lamine.

Members of various 1971 program committees will be named by Rev. Glen C. Nelson, Jr., president.

## AFL-CIO Meeting Opening

MIAMI BEACH (AP) — The AFL-CIO opened its annual winter leadership meeting today with a broad-scale attack on President Nixon's economic policies, and a shopping list of legislative demands bound to bring conflict between labor and the White House.

Andrew J. Biemiller, the federation's legislative director, said the new Congress must "open new employment opportunities, meet the urgent crises of the cities and local communities and begin to provide the basic human rights of health, security, dignity and prosperity for all Americans."

The AFL-CIO, which blames Nixon's policies for pushing the nation's unemployment to the highest level in a decade, said it would renew its demand for a law to use federal money to create public service jobs in state and city governments. Nixon vetoed such a manpower bill last year.

"President Nixon's veto of the manpower bill starting a new public service jobs program was more than a disappointment—it showed callous disregard for the lives of workers forced into unemployment lines by administration economic policies," Biemiller declared.

The labor movement will also fight in Congress for a national health insurance program to cover all Americans, and for U.S. quotas on foreign imports which the AFL-CIO says threaten American jobs. Nixon opposes most quotas.

Biemiller outlined the labor legislative goals at the opening of the AFL-CIO executive council meeting on Miami Beach, a few miles from where Nixon was winding up a weekend at Key Biscayne.

The AFL-CIO embraces 119 unions with some 13.6 million workers.

Biemiller renewed labor's bid to boost the \$1.60 an hour minimum wage to "at least \$2 and bring more workers under coverage."

In a weekend labor development, 17 AFL-CIO construction unions and the National Constructors Association announced an unprecedented agreement aimed at eliminating jurisdictional strikes on heavy industrial building projects and to streamline work rules for greater worker productivity.

The agreement will go into effect April 1 for one year. It provides penalties up to \$10,000 per violation by either a contractor or a union, to be placed in special research funds to help solve the industry's problems.

Biemiller said the AFL-CIO will push for greater federal appropriations for many already authorized health, education, welfare, housing and antipover-ty programs.

## Board Approves New Personnel At State Parks

The Missouri State Park Board approved several personnel changes connected with Knob Noster State Park at a recent meeting, according to Joseph Jaeger, Jr., park director.

Robert Hughes, superintendent of Knob Noster State Park since September, 1969, will become superintendent of Meramec State Park near Sullivan.

Replacing Hughes as superintendent will be John Martin, superintendent of Wakonda State Park near LaGrange since July, 1963.

Michael Pyle, a ranger at Knob Noster State Park since March, 1970, will become ranger of Meramec State Park, Sullivan.

Garland Bethel, a ranger at Meramec State Park, who joined the ranger section in April, 1969, at Knob Noster, will become ranger of Lake of the Ozarks State Park.

All personnel changes will become effective March 1, according to Jaeger.

## Sedalian Included On Certificate List

Col. Brice M. Bell, Jr., 2807 West 11th, has been awarded an honor certificate from the Freedoms Foundation, Valley Forge, Pa.

The foundation honors Americans for outstanding contributions to the nation.

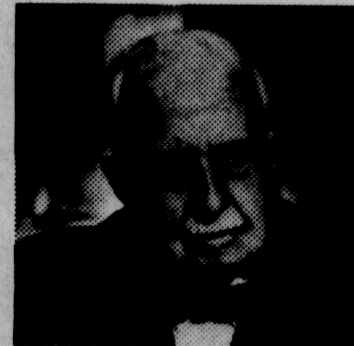

Col. Bell, who is an artillery advisor for the Missouri National Guard, received his certificate for an essay he wrote entitled: "Freedom: Privilege, or Obligation?"

Others from this area to receive certificates are Tech. Sgt. Miller B. Swearingen, Air Force Base, Knob Noster; and Sgt. Matthew L. Vollucci, Whiteman AFB.

Engines were ripped loose and the fuselage split when this DC-3, carrying passengers who had donated a penny per pound of their weight to the Heart Fund Foundation, crashed near Shawnee, Okla., Sunday. Nine persons, including seven children, were seriously hurt. No one was killed. (UPI)

Reinstatement Is Sought For Air Controllers

KANSAS CITY (AP) — The president of the Professional Air Traffic Controllers Organization (PATCO), John F. Leyden of Washington, said reinstatement for 56 air controllers fired after last year's "sick-out" is PATCO's major aim. Three have been returned to their jobs and the Federal Aviation Administration is appealing favorable decisions by regional civil service commissions for eight others, Leyden said. The PATCO president, who addressed area air traffic controllers Sunday night at the Richards-Gebaur Air Force Base, said a recent decision of the Department of Labor ruling the organization a lawful one was "probably the biggest thing to happen to this organization on the positive side in three years."

He expressed confidence PATCO would emerge the victor when an election is held in about six months to determine the exclusive bargaining agent for air traffic controllers.

Vietnam Statements By Democrat Clubs

ST. LOUIS (AP)—Immediate withdrawal of United States forces in Southeast Asia, cessation of bombing and new elections for South Vietnam were called for Sunday by the College Democrat Clubs of America. About 250 delegates from 30 states wound up their annual convention with resolutions condemning the Nixon administration's war policy and urging an end to the conflict. John Kerr of Pittsburgh University was elected president of the clubs.

Quake Sightseers Swarm To Tragedy

LOS ANGELES (AP) — "I thought it would be a wonderful experience for the children," said a man about to take a picture of the earthquake-wrecked veterans hospital where 44 persons died. His family was one of many seeing the sights Sunday in the northern San Fernando Valley on a sunny, warm holiday-week-end. They came to see the most powerful destruction wrought by Tuesday's earthquake, which killed a total of 62, injured more than 1,000, destroyed more than 160 homes and businesses and damaged more than 3,000. Slow-moving traffic was heaviest where damage was heaviest — at the San Fernando Veterans Administration Hospital. At Olive View Hospital, where three persons died when new buildings collapsed, a guard reported sightseers "were double parking and everything yesterday. There were so many of them it looked like a fair-ground."

As cleaning and repairing continued, federal officials estimated the total damage from the quake at \$250 million to \$300 million. The county engineer, John Lambie, stuck by his previous estimate of \$1 billion, saying: "There's a lot of personal damage that hasn't been assessed yet."

Injuries Are Fatal

JOPLIN, Mo. (AP) — James Miller, 13, Carl Junction, Mo., died Sunday in a Joplin hospital of injuries suffered Friday when he was struck by a car.

Across the county, aftershocks from the earthquake continued to unsettle many of the seven million people who felt the destructive tremor last week. The strongest recent aftershock, 3.7 on the Richter scale, sent engineers scurrying Sunday to the quake-damaged Van Norman Dam.

Porpoises converse in complicated patterns of whistles, clicks and moans, and can mimic spoken languages.

## Nila Hibdon Honored At CMSC Centennial

Mrs. Nila Hibdon, curriculum specialist at State Fair Community College, has been chosen by the Centennial Committee of Central Missouri State College as one of the fifteen outstanding graduates of the School of Business and Education.

Mrs. Hibdon was recommended by the School of

Business to the Centennial Committee. On Jan. 21, Warren C. Lovinger, president of Central Missouri State College recognized and presented each honoree with a commemorative medallion.

Fred E. Davis, president of State Fair Community College, stated that "we are all very

pleased with Mrs. Hibdon's selection and extend our congratulations to her for achieving this significant honor." We believe that Mrs. Hibdon's selection typifies the excellent professional staff that we have been so fortunate to recruit here at the College.

Mrs. Hibdon is well qualified for her position on the SFCC faculty. Her degrees include a B.S. in Education, a M.A. in Business, and a Specialist degree in Business. While in college, Mrs. Hibdon was on the Dean's and the President's Honor Rolls many terms, and was a member of two honorary societies in her field. She is presently the president of the Central District Business Teachers Association. She is an officer in the American Association of University Women and is a member of several state and national educational and business organizations.

Mrs. Hibdon was born in Climax Springs, Mo. She received her B.S., M.A. and Specialist degrees from Central Missouri State College. Prior to joining the staff at State Fair Community College, Mrs. Hibdon taught at Central Missouri State College and Higginsville High School. She is married to Professor Howard Hibdon, CMSC. They are the parents of two daughters, Deborah and Kelly.

## Club Notes

Thursday Extension Homemakers Club of LaMonte spent time at their Thursday meeting planning, cutting and sewing lap robes and bibs to be presented to the rest homes in Sedalia. The roll call for the day was answered with moments to share and the women felt their sewing for others was a moment to share. Twelve lap robes were made.

Mrs. George Croll was hostess to the meeting. Following a luncheon a lesson on "Management of Time" was presented by Mrs. Charles Dithley.

She pointed out the need for good posture while doing,

housework and that correct posture or position can make a job easier.

## BPW Glee Club Visits Rest Homes

The Sedalia Business and Professional Women's Club Glee Club presented musical programs at the Rest Haven Nursing Home and Buena Vista Home Sunday. The musical valentines were sung by the newly organized group under the direction of Mrs. Rosalie DeLozier, director and accompanist for the group.

## For Women

### Beta Tau Plans Card Party

Beta Tau, chapter of Beta Sigma Phi sorority met at the home of Mrs. Bill Rabourn, Thursday evening. Co-hostess for the evening was Mrs. Don Anderson.

Mrs. Gene Meyer, president, introduced Mrs. Ann Winsauer, a transferee from Galesburg, Ill., and welcomed her to the chapter.

Mrs. Russell Martin, vice-president, and newly elected Valentine Queen thanked the chapter for electing her queen and reported on the Valentine Dance.

Ways and Means chairman, Mrs. Van White read a list of the merchants participating in the upcoming style show and card party, March 25, proceeds of which will go to the William Fry family.

The program for the evening entitled, "Nature's

Landscape," was presented by Mrs. Bill Rabourn, who showed an interesting film about Sedalia and its contribution to history, beauty and culture, industry, agriculture, and recreation through the years.

### Bridge Club

#### Board Meets

The board of directors of the Sedalia Duplicate Bridge Club met recently at the home of Mrs. Opal Hugelmann, president. Mrs. Louis Hughes and Mrs. William Bunn were named to head the social events committee and Miss Betty Tagmeyer was named publicity chairman.

Plans were made to hold individual games March 11 and an open pairs event March 28. Prizes will be given at the events.

## Social Calendar

Information to be used in the social calendar must be turned in to the women's editor at least four days in advance of the event. Only the organization's name, time and meeting place will be used.

### TUESDAY

First Christian Church Group 7 will meet at 9:30 a.m. at the church.

Ako's Circle of the Broadway Presbyterian Church will meet at 7:30 p.m. with Mrs. Emory Bowman, 608 South Ohio.

Palmer Circle of the First United Methodist Church will meet at 1:15 p.m. with Mrs. Tom Baker, 1402 South Warren.

Circles of the Wesley United Methodist Church will meet as follows: Circle No. 1 at 9:30 a.m. at the church and Circle No. 2 at 7:30 p.m. with Mrs. John Mothersbaugh, 1405 South Mildred.

Pettis County Women's Democratic Club will meet at 7:30 p.m. at the Missouri State Bank.

Republican Women's Club will meet at noon at the Bothwell Hotel.

Welcome Wagon will meet at noon at the Holiday Inn.

### WEDNESDAY

P.E.O. chapter BB meets at 1 p.m. with Mrs. Thomas D. Hall, 1321 West Broadway.

Elks Ladies Club will meet at 6:30 p.m. at the Elks Lodge.

W.S.C.S. of the Pleasant Hill United Methodist Church will meet at 11 a.m. with Mrs. Fred Meyer, 618 East Tenth.

Community Retired Teachers Association will meet at 10 a.m. at the Farm and Home building.

Helen G. Steele Music Club will meet at 6:30 p.m. at the Bothwell Hotel.

### THURSDAY

Circles of the Broadway Presbyterian Church will meet as follows: Valdez Circle at 9:30 a.m. with Mrs. Garner Odell, 2607 Anderson, and Chaffee Circle at 1:30 p.m. with Mrs. Mildred Heynon, 1109 West Seventh.

First Christian Church Groups will meet as follows: Group 4 will meet at 1 p.m. with Mrs. Joe Wright, 1305 West Fourth; Group 5 at 1:30 p.m. with Mrs. P. Cecil Owen, 823 West Sixth.

Horace Mann PTA executive committee will meet at 1:30 p.m. at the school.

Horace Mann PTA and Book Fair will be held at 7:30 p.m. at the school.

Runge Circle of the First United Methodist Church will meet at 1:15 p.m. with Mrs. George Starkey, 618 North Stewart.

Circles of the Wesley United Methodist Church will meet as follows: Circle No. 3 at 1:30 p.m. with Mrs. Nina Sparks, 902 West 11th; Circle No. 4 at 1:30 p.m. at the church; Circle No. 5 will meet at 1:30 p.m. with Mrs. Mable Raines, 2324 West Fifth; Circle No. 6 at 1:30 p.m. with Mrs. Ed Foris, Southwood Acres, Route 2.

LaMonte Nautilus Club will meet at 2 p.m. with Mrs. Lee Hudson.

## For Casual Cruising

It's the cruise season and a great way to look (left) is the long conchdo White cotton and polyester knit tunic top. Be a poolside sun-satan in a laced-up beach top of bold red stripes (right). In a machine washable cotton and polyester knit, it's one way to cover up and still get lots of attention.

## Avoid Service Calls

NEW YORK (AP) — With the economy still in the grip of inflation, there's a way housewives can save money, says the Better Business Bureau of Metropolitan New York—and that's by avoiding unnecessary service calls.

The Bureau issued this checklist for appliance owners to use before calling a repairman:

1. Check the cord. Simple as it may seem, an unplugged cord frequently is the culprit in a malfunctioning appliance. Same goes for the power source. Check it to see it's functioning properly.
2. Check the fuses.
3. Check to see the controls are set properly. The dials

should be turned in the proper direction.

4. Is the appliance clean? A clogged filter frequently is responsible for a malfunctioning air conditioner. Washers have lint screens that must be cleaned. Refrigerator and freezer coils should also be cleaned periodically.

5. If the appliance needs water, make sure the water is flowing into it. Check faucets and hoses.

6. Some appliances do not operate unless the doors and latches are securely shut. Check them.

The first thing a new appliance owner should do, the Bureau recommends, is read the instructor's manual thoroughly.

### Partial Court Victory

The Circuit Court's approval for the city to move ahead with annexation plans for three of the six areas in question is a reasonable beginning toward controlling Sedalia's growth and ensuring its orderly development.

The city was given the green light to proceed with an election to annex what are, actually, the three most important areas at this time. These are the Permaneer tract, State Fair Community College area and the developed land along East 32nd Street and South Highway 65.

Rejected by the court were the south suburban tract, the North Highway 65 strip and a large area around the municipal airport.

The three approved tracts were the ones with the most convincing reasons for inclusion in the city limit at this time. Annexation of the Permaneer tract will be advantageous to both the company and the city (assuming, of course, that the plant does begin production). It is obvious that the junior college should be part of the city, as well as the already built-up

East 32nd Street-South Highway 65 area.

The ambitious annexation bid for land around the airport was the most difficult to justify at this time. Since the annexation plan was drawn up almost two years ago, the scope of the airport improvement has been considerably reduced. Besides this, the availability of federal matching funds is still not a sure thing. When and if it develops that the airport will be expanded, then an annexation plan suited to that development can be formulated.

For the North Highway 65 and south suburban tracts, the city simply could not make a convincing case at this time for their incorporation. The basic trends affecting these areas as described in the Kellenberg report are valid, however, and sooner or later they will no doubt be a part of the city.

Now that the court test is passed, the annexation question will go to the voters. Sedalians can expect further airing of the pros and cons of the proposal in the coming weeks.

### Washington Merry-Go-Round

## Hungry Railroads Eye Taxpayers

By JACK ANDERSON

WASHINGTON — With a rail crisis looming, many famous railroads are clamoring for massive federal aid to bail them out.

The scenario is beginning to read almost like the 19th century drama of rail tycoon Jay Gould and his contemporaries who milked their companies and left the taxpayers holding the bag.

Hints are beginning to be heard that the rail industry may ask the U.S. to nationalize the weakest lines and, thereby, saddle the government with their staggering debts.

Already, the taxpayers have been hit for \$200 million to pay for years of mismanagement of the bankrupt Penn Central.

The Long Island line is operating out of the pocket of the taxpayers. Other railroads are getting government handouts.

When emergency congressional measures to avert a rail strike expire shortly, the weaker roads will be faced once more with disaster unless the taxpayers cough up more money.

What has happened to the legendary fortunes of the railroads? We have reviewed financial reports of more than 70 roads. Some, like Union Pacific, appear in sound financial shape, although they may have raised howls for suspending passenger service.

But others, based on the figures provided the shareholders and the Interstate Commerce Commission, have been losing money for years, yet have gone on paying fat dividends. We have found deeply troubled companies, astonishingly, borrowing money so they could keep up the dividend payments.

#### — Strange Sidelines —

We have also uncovered evidence that some rail lines, instead of spending money for new equipment and better service, have siphoned money into such non-railroad enterprises as whiskey, shoes, seafood and underwear.

The Missouri-Kansas-Texas, which even the railroads' own association concedes is "weak," has branched into tugboat repair, cowhides, pumps and packaging through complicated corporate legerdemain.

The Chicago and Northwestern, also called "weak" by the association, has gotten into whiskey, pesticides, fluorescent lights and other sidelines unrelated to railroading.

The roads that have paid dividends out of deficits include Maine Central, Central of Georgia and Chicago, Milwaukee, St. Paul and Pacific. The last distributed dividends on preferred stock as late as 1969 when it was running an estimated deficit of \$11 million. Northern Pacific also paid out \$15 million in dividends in 1969 when its net income was less than \$6 million.

#### — Great Railroad Scandal —

Other lines paid out more in dividends in 1969 than they spent on building up the service. Chicago, Burlington and Quincy, for example, had a net income of under \$10 million, spent less than \$12 million on "additions and betterments" yet paid off the stockholders almost \$13 million in dividends.

Contributing to the Great Railroad Scandal has been the archaic Interstate Commerce Commission, which is supposed to promote competition but has restrained it instead. The ICC has coddled the railroads, fostered poor service,

promoted inefficiency and distorted the rate structure. The rates have been pegged to the level of the worst run roads.

Footnote: Answering for the railroads, Burton Behling, the industry's top economist and a vice president of the Association of American Railroads, told us that other utilities and corporations also borrow at a time when they are paying big dividends instead of plowing the money back into the companies. Dividend payments that exceed net income may come from buildups from better years, he explained.

Dr. Behling conceded that some lines have also put funds into non-railroad enterprises instead of building up the railroad. He said this was done to strengthen the over-all corporate situation of the companies. Diversification, as with Union Pacific, has strengthened the railroad, he said.

The result, however, has often been worse service for the rail customer.

—Washington Whirl—

Domestic Dissent — The greatest deterrent to the South Vietnamese penetration into Laos wasn't the estimated 70,000 North Vietnamese soldiers and workers strung along the Ho Chi Minh trail system, but the anti-war movement in the United States. At the White House strategy sessions, President Nixon and his advisers spent as much time agonizing over what would happen on the home front as on the Laotian front. They concluded that the domestic opposition would be tolerable provided that American troops aren't used on the ground. President Nixon also predicted he would be able to quiet the dissent with an announcement in April of another troop reduction.

Nixon's Man — President Nixon picked Phillip Sanchez, the erstwhile Fresno County administrator, as number three man at the Office of Economic Opportunity. The glowing official announcements didn't mention that Sanchez is a badly defeated congressional candidate who wanted office so much that he solicited a mailing list of lobbyists for help. He asked them for campaign funds, typing services, even the loan of their lawns for billboards. When the voters declined to send Sanchez to Washington, President Nixon brought him here. The job pays \$38,000 a year.

### Letter to the Editor

EUGENE WETZEL, Lincoln — I would like to present a negative opinion to those expressed by Mr. James Webb, in his criticism of Mr. Earl Finley and Smith-Cotton administrators in general due to the refusal to allow Mr. Eric Wright to lecture the teen-age students. I feel that it is safe to assume that the purpose of his appearance before these students was intended primarily to destroy respect and allegiance to our flag and to the Republic for which it stands. Is it any wonder that we have riots in the streets, bombing and burning of government buildings, and the total destruction of educational institutions and equipment when many of our college administrators have spent thousands of dollars in the past year for lectures by such recognized radicals as, H. Rap Brown, Angela Davis, Dr. Spock, and hundreds of others who have openly advocated the over-throw of the United States government?

I feel that many of our leaders and administrators have gone too far out in trying to eliminate all conformity because conformity may violate someone's constitutional right. Step by step we are losing a precious heritage which has made America great. The Supreme Court opened the gate some years ago when they decreed that a loyalty oath for government employees, professors and teachers was in violation of the individual's constitutional rights. Another step in the wrong direction was another decree which would allow the teaching of the Communist philosophy in our educational institutions.

Hats off, to any individual or administrative board who has the courage to try to retain some degree of loyalty and moral decency in our society.

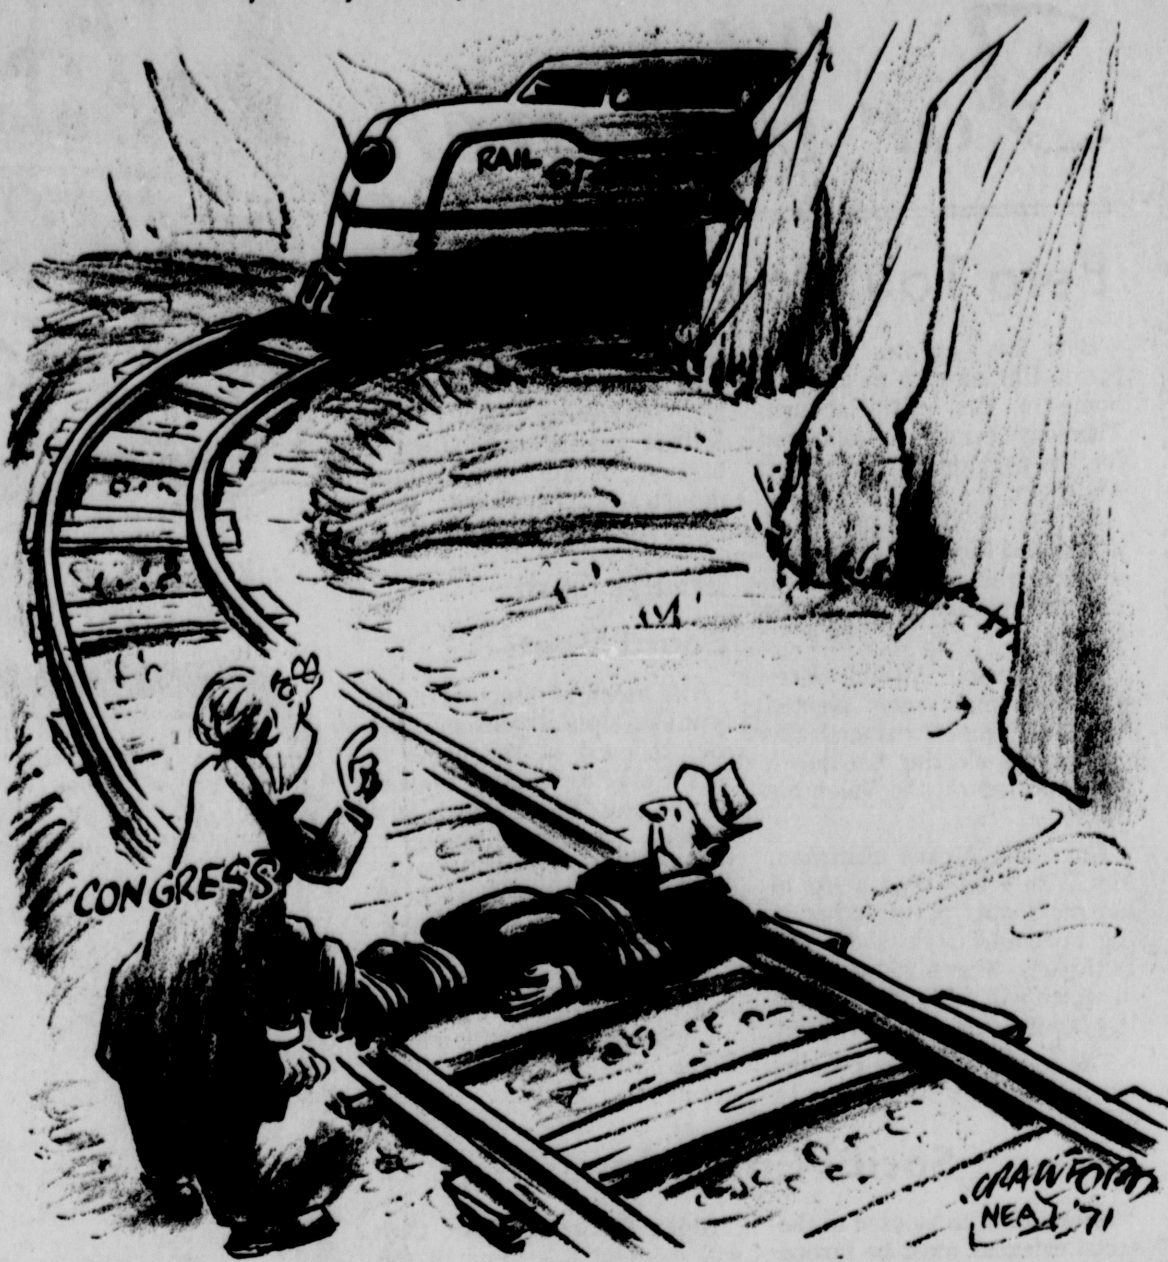

#### Strange Movements

The white-breasted nut-hatch is the only bird with the accomplishment of walking down a tree trunk head-first. It also walks sideways and upward, too, searching every part of the bark with its sharp-pointed bill for insects.

#### Amusement Parks

North America's amusement parks outgross all other forms of recreation. They represent 15 per cent of the world's total and do an annual business of nearly \$460 million.

"Patience, My Boy, I'll Think of Something!"

### RAY CROMLEY

## High Court Chief's Drive on Crime

WASHINGTON (NEA)

Few Americans realize the great power and influence now being exercised by Warren E. Burger, the quiet, strongminded Chief Justice of the Supreme Court.

His thinking is beginning to be felt strongly on the Supreme Court and the underlying federal court system procedures. His reform theories are showing up strongly in the recommendations of the National Commission on Reform of Federal Crime Laws.

Even more importantly perhaps, Burger's innovative thinking seems to have strongly influenced the approach to the crime problem of President Nixon and Attorney General John Mitchell. In part, this is not influence but coincidence. Nixon, Mitchell and Burger are a great deal more alike in their legal thinking than many realize.

Let us look then to see how the Burger approach is reflected in Mr. Nixon's 1972 budget, as it refers to crime:

First, a sharply increased effort toward rehabilitating men and women, once they've been convicted.

This includes stepped-up research on the process by which felony offenders can best be reintegrated into community life and a major increase in vocational educational courses in the prisons. Included would be college preparatory studies and postrelease assistance for former inmates on high school and college campuses and more money for prison libraries.

Second, new emphasis on speeding the time between a man's arrest and his trial in federal, state and local courts.

Third, coordinated attempts to improve the caliber of state and local police.

More scholarships to aid policemen secure college training would be provided. (Surveys indicate only 3 per cent of prison guards and 7.4 per cent of the nation's police have college degrees.) A new model on-the-job 13-month training program for policemen would enroll 30,000 in 1972.

Fourth, a step-up of the war on organized crime where, dollar for dollar and man for man, there's a greater payoff than in expanded law enforcement aimed at the individual law breaker.

Fifth, an intensified drive aimed at crime prevention. This would include expanded drug and alcohol treatment units, on the theory that these additions are major causes of crime in much of the United States.

The prevention effort also proposes expanded research and experimental approaches to juvenile delinquency, including counseling, job training and medical services and education with special emphasis on school dropouts.

Sixth, a very strong expansion of research aimed at discovering the causes of crime.

The major emphasis in most of the administration's proposed \$2 billion 1972 crime budget is on experimentation, research and the development of pilot trial programs to see what will work and what won't.

♦ Q J 2			
♠ A J 7 3			
Both vulnerable			
West	North	East	South
Pass	1 ♦	Pass	1 ♣
Pass	Pass	Pass	1 N.T.
Opening lead—♠ 6			

Oswald: "In auction bridge players open very light in first or second seat, but required more for third hand openings, and a lot more for fourth hand bids. This carried over into contract. Thus, the first Culbertson system opened in first or second seat with 2½ quick tricks, but 3 were required in third seat and 3-plus in fourth. In today's hand South has 2½ Culbertson tricks and as dealer he would open. If North or West had dealt the hand, it would be passed out."

Jim: "Some people might pass today's hand. South has 14 high-card points and the JACOBY MODERN rule is to open all 14 HCP hands irrespective of vulnerability, position at the table, or the signs of the zodiac."

Oswald: "The old idea about strong third and fourth hand bids has fallen entirely by the wayside and some splinter systems go the other way and establish higher requirements for first and second seat."

Jim: "You were the first to propose that the requirements be the same in all seats and in JACOBY MODERN we open all hands with 14 high-card points; almost all hands with 13; most with 12 and some with 11. We don't open 10-pointers except with preempts of some sort."

Oswald: "South plays at one no-trump and has no trouble making it. He attacks diamonds after winning the spade. If East ducks twice he shifts to hearts and is sure of seven tricks. North can make three diamonds and West might make two spades if he could get there. Any plus score should be very satisfactory with these cards."

### BARBS

By PHIL PASTORET

The employment manager was sent home with a case of severe shock. Someone applied for a "job," instead of a "position."

Out of the mouths of babes comes some pretty spicy language, these days.

The only thing more unnerving than the roar of a

jetliner overhead would be if it should STOP roaring.

The fellow who seeks to mend his political fences might recall that most promises have remarkably little sticking power.

### BETTY CANARY

## Just Who Needs February, Anyway?

By BETTY CANARY

This is the time of year when most of us feel as if we'd just stepped out of an index. See: Winter, the dead of.

It's always the same. When the first gentle snowflake comes down early in the winter, I grow rapturous.

I talk glowingly of Mother Nature's soft white blanket. I view frost-rimmed branches with delight and gaze in awe at the sculpting done by wind and snow.

Then the white blanket turns into a gray quilt, the branches break off under the weight of ice and I realize those pieces of sculpture were not only the garbage cans but two bikes, a canoe and the lawn mower as well.

By the end of February I'm scratching H E L P on all the windows.

The end of February is a time of doom and despair.

Mothers cry out in shrill voices, "I'm warning you kids — stop through here in those boots One More Time!"

Fathers emit steamy curses as they fit jumper cables to car batteries.

Children don ice skates, sit upon their sleds and whine monotonously, "WhatterwegonnaDO?"

Skies are leaden.

I look as if I experimented with my hair and invented static electricity.

After three months of dogs, cats and children playing in the basement, the only way I can get to my laundry area is by riding a swamp buggy.

My children have lost so many gloves and scarves that I'm beginning to think they've got a side deal going with the local discount house.

My husband has begun threatening me. (One more pot of chili and you're OUT.)

A friend sends me a box of oranges from Florida and instead of being grateful, I find myself thinking she's probably in on a plot to drive me completely out of my mind.

There's a reason why February is the shortest month in the year.

One more day of it and we would never last into March.

(Newspaper Enterprise Assn.)

### LAWRENCE E. LAMB, M. D.

## Colds More Likely When Air Is Dry

By LAWRENCE LAMB, M.D.

Dear Dr. Lamb — Our home is heated and air-conditioned with an excellent central system. My husband and I disagree over what temperature to set the thermostat. This is very important to us. Isn't it easy to catch colds leaving an overheated home and going out into the cold air?

Dear Reader — This is a constant battle, not only in homes but also in large offices. Some large buildings have dummy thermostats that have nothing to do with regulating heat for the express purpose of letting people set and reset the thermostat without interfering with the over-all heating of the building.

There is a lot more to feeling warm than just temperature. Humidity has a lot to do with how you feel. In the summer if there is too much humidity you feel hot even at reasonable temperatures. The same is true in the winter. A dry house feels cold even at higher temperatures. The body is cooled by evaporation of moisture from the skin which goes on all the time. The evaporation is increased in dry air, thus dry air makes you feel cooler in summer or winter. Humidity interferes with evaporation, causing the body to build up heat.

As to your question, excessively dry air dries the normal nasal mucus. The protective lining loses its normal function and one is more likely to develop colds.

In the winter most homes are drier than the desert unless there is a humidifier. Nature's air contains moisture even in the desert.

The humidity should be between 35 and 40 per cent and if someone has a respiratory illness as high as 60 to 70 per cent. The usual home in the winter has a humidity of 10 to 15 per cent.

Humidity was carefully controlled in the space capsules to ensure the proper environment for the astronauts. Whenever the control did not work properly, which did happen, the astronauts were hot with too much humidity and too cool without it. A proper level of humidity can save on fuel bills.

The sensation of body warmth is also affected by how much heat the body generates or its metabolism. A person with low thyroid function feels colder than a person with increased thyroid function or a fever. A common factor is the level of physical activity. The active person will generate more heat and will want a cooler temperature while a sedentary person, sitting watching television, will want a warmer temperature. A happy solution is for the inactive person to do a little exercise or work requiring some physical exertion.

There are other factors which influence heat, too. Radiant heat through the glass may make one room feel warmer at lower temperatures than one without windows. So there is no one answer, but there are some good principles you can follow to keep everyone more comfortable and healthier.

(Newspaper Enterprise Assn.)

Please send your questions and comments to Lawrence E. Lamb, M.D., in care of this paper. While Dr. Lamb cannot answer individual letters, he will answer letters of general interest in future columns.

## The Personal Touch

In an attempt to lend a personal touch to telephone service, which has changed somewhat since the days when "Central" knew everybody on the line, some Bell offices are having their information operators introduce themselves by their first names. For example:

"This is Mary speaking. May I help you?" As usual, you can't please all of the people even some of the time.

Michigan Bell reports that some callers have hung up, thinking that they misdialed. Others have been angered, telling the operator they don't care what her name is, just get them the number. Still others have been moved to try to promote a date with Mary.

Most people, however, have responded favorably. In any event, it certainly beats trying to talk to a recording.

### Looking Backward

Forty Years Ago

Emil A. Lueck, who for twenty years has been in the employ of the Botz Printing Company, known as the Acme Printing Company, was presented with a beautiful gold watch by Otto Botz, president of the printing company, at a banquet held at the Bothwell Hotel last Wednesday. A meeting of the stockholders of the printing company was held at the hotel that night at which time Otto Botz was re-elected president, Charles Botz re-elected vice president and general manager, W.B. Malone, secretary and Herbert Schrankler, treasurer.

— O —

Ninety-Five Years Ago

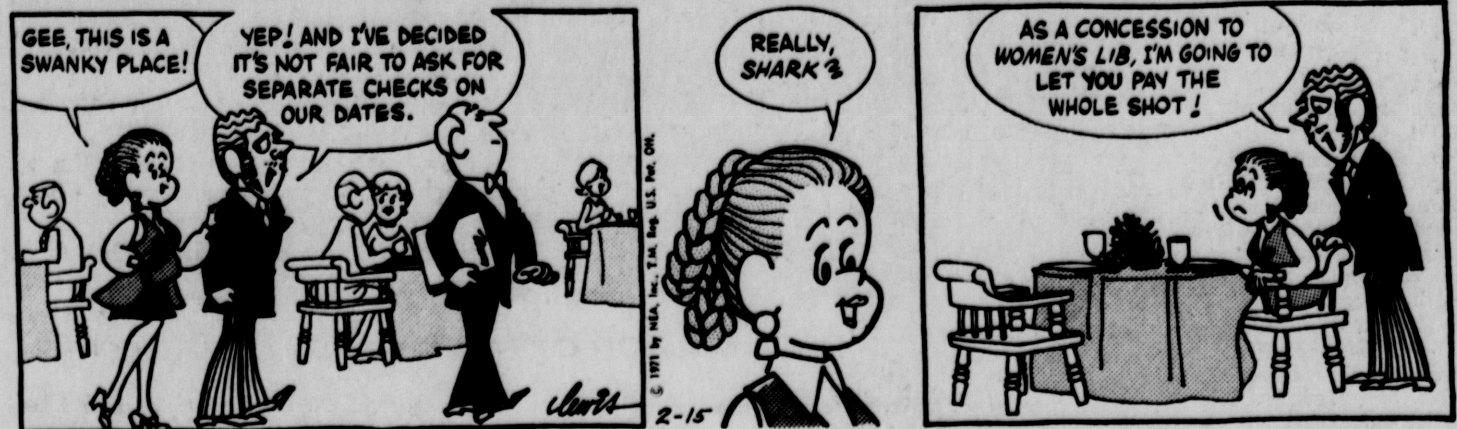

Yesterday was St. Valentine's Day, but we would not have known it, had not the Democrat made the announcement the morning before. We did not receive any missives. Whether this be an indication or not that we are greatly beloved in Sedalia, we are unable to say.

Handyman's Ladder Is 'Tool Chest,' Too

By POLLY CRAMER

Polly's Problem

DEAR POLLY—I have a new plastic shower curtain and window curtain set but they are both wrinkled. I would like to know if there is some way I can smooth them out? They cannot be ironed.—MARLENE

DEAR POLLY—A neighbor of ours who was paneling his living room walls and putting up a new ceiling got tired of dropping his tools either by accident or when moving his ladder. He fixed the ladder so it is real handy. A strip of leather, from an old belt, was fastened down the outside of the strip along the side of his ladder steps and nails were driven through the leather and wood at intervals to form pocket-like slots into which he easily can slip the tool handles. His tools are handy and the ladder can be moved easily with no extra handling of tools. If many tools are needed, a strip of leather can be put down both sides of the steps.—PAT

DEAR POLLY—When using a teaspoon to feed baby from a junior food jar the spoon handle and my fingers were both covered by the time I got to the bottom. Now I use an iced tea spoon for such feeding and find its long handle solves my problem.—SANDY

DEAR POLLY—Stuff empty plastic milk cartons with paper and then poke holes in all the sides of the carton. Next time you build a fire place one or more in the fire-place. They make good "starters" on these chilly nights.—MRS. S. D.

DEAR POLLY—A recipe I was using for making pie crust with cheese in it suggested rolling the crust with a stocking-covered rolling pin. I covered mine with an old clean stretch support stocking and then used bread twisters to secure it at each end. This works perfectly.—MABEL

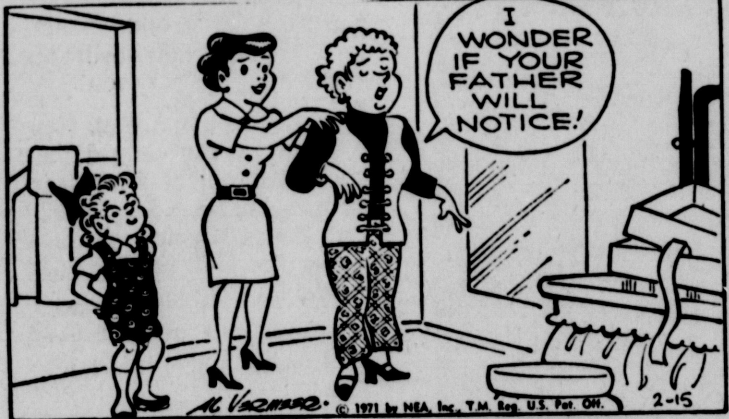

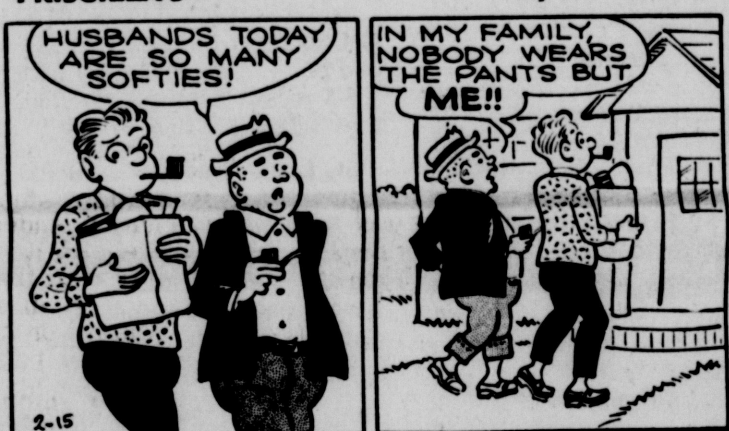

DEAR POLLY—Iron baby's clothes with a travel iron and you'll find the tiny ruffles, collars and sleeves are more easily done with this narrow iron than with a wide one.—MRS. B. B.

(Newspaper Enterprise Assn.)

You will receive a dollar if Polly uses your favorite homemaking idea, Polly's Problem or solution to a problem. Write Polly in care of this newspaper.

# Bengals End League Season on Win Note

**HANNIBAL** — The Smith-Cotton Tigers closed the 1970-71 Central Missouri Conference season with an even 500 mark Saturday night by coming from behind to defeat the Hannibal Pirates, 68-60. The victory leaves the Bengals with a 4-4 league ledger and 15-5 overall.

S-C spotted the Bucs a 23-19 lead by the close of the first quarter, but managed to take a one-point lead by the end of the first half, 34-33. The Tigers outscored the Pirates 18-15 in the third period and 16-12 in the

fourth stanza in chalking up the win.

A hustling defense, which saw junior Steve Herzberg draw the guarding duty on high-scoring Lydell Williams, coupled with encouraging words from Head Coach Jim Dinsdale staved off the hosts in the closing minutes of the contest.

Kim Anderson, S-C's sophomore post man, hit five shots from the field and 15 of 18 at the line to pace the Bengals in the victory with 25 points.

Steve Gerlecz and Herzberg were the only other Tigers in

double figures. Gerlecz netted 16, while Herzberg threw in 14.

Jessie Miller topped the Bucs' scoring department with 24; Lydell Williams earned 11 points in the night's work.

The Tigers also capped the junior varsity contest Saturday night against the Pirates, 47-46. Freshman Jim Sanders set the pace for S-C in the win with 14 tallies.

The Tigers have only four more cage contests before their regional playoffs begin at Wentworth Military Academy,

March 2. Three of the four contests are on the road.

Tuesday night S-C travels to Clinton; Friday they will venture to St. Joseph to play Central High School.

Their final home game is set for Feb. 23, when the Marshall Owls come here. The Tigers close the current season on the road Feb. 26 against Belton.

**Scoring**  
Smith-Cotton — (68) Anderson 25, Gerlecz 16, Herzberg 14, Thompson 8, Maple 3, Holmes 2.  
Hannibal — (60) Miller 24, L. Williams 11, E. Williams 9, Welch 7, Stewart 5, Robey 4.

## Baker, Foyt Follow

# Petty Wins Third 500

**DAYTONA BEACH, Fla. (AP)** — For lack of a small lead weight, the race was lost, said Buddy Baker saw it.

A.J. Foyt missed the richest prize in stock car racing because he ran out of gasoline.

Richard Petty collected the \$40,000 first prize in Sunday's Daytona 500 and said, "If anybody deserves it, we do. I think we worked for it. I don't think anybody gave it to us."

The Petty team is said to be the only one operating with manufacturer backing this season as Ford bowed out completely and Chrysler cut its racing budget to the bone.

Petty, in a 1971 Plymouth, and Baker, in a 1971 Dodge, are the only NASCAR drivers with full factory aid, and they run together under the Petty Enterprises banner with a carefully trained pit crew and precision preparation headed by Richard and his brother Maurice.

"When we get in deep trouble, we call for dad," said Richard. He referred to Lee Petty, who won the first Daytona 500 in 1959 and headed the operation until Richard was experienced enough to take charge.

In his 13 years at the wheel, Richard Petty has won \$880,000 and won 120 races. Second best is David Pearson with 58 victories. He finished fourth Sunday behind Petty, Baker and Foyt in that order.

Foyt's car owners, the Wood brothers, asked for a recount.

Foyt finished the race just in front of Petty, but speedway officials said he was on the 199th lap and Petty on the 200th of the high-banked 2.5-mile Daytona International Speedway.

"They were satisfied when they checked the lap tapes," a speedway official reported. "They didn't make an official protest."

Foyt lost a lap when he ran out of gasoline as the battle for first money sifted down from a wide open contest in which a dozen drivers thrilled the crowd of 92,300 to a battle among four who survived earlier troubles.

Baker blamed himself for losing.

"I second guessed the crew on my last stop and told them to take a little bite out of the car," he said.

That meant take one of the wedge-shaped weights out of the

left rear end and change the balance.

"It turned out I was wrong, but it was too late to change then," he said. "I couldn't control it in the turns and was all over the track until I settled down for second place."

Petty said his car handled like a dream but he did have one problem.

"When we stopped on the green light near the end, a gas line valve stuck," he said. "The crew had to raise the trunk and hit it with a hammer."

The positions at the end were almost anticlimax to the closeness through most of the 200 laps. From the start through 400 miles there were packs of 7 to 10 running together at the front — changing the lead among them 48 times. Eleven drivers were in front at various times.

Seven caution flags for a total of 41 laps helped keep the field bunched but also marked the loss of Lee Roy Yarborough in a fiery drive off the fourth turn when an oil line broke and of Donnie Allison when he cracked the wall in front of the grandstand during a caution lap in a bunched up crowd.

Other contenders were cut down with mechanical troubles.

The only serious trouble came early in the race—after only 22 miles—when 32-year-old rookie Maynard Troyer of Spencerport, N.Y., blew an engine on the high banked west turn and his 1969 Ford went rolling down the track.

Troyer was hospitalized with a broken hand and head injuries. He was listed in serious condition but reported conscious and improving.

**Drake, Cards Set Wednesday In MVC Action**

**By THE ASSOCIATED PRESS**

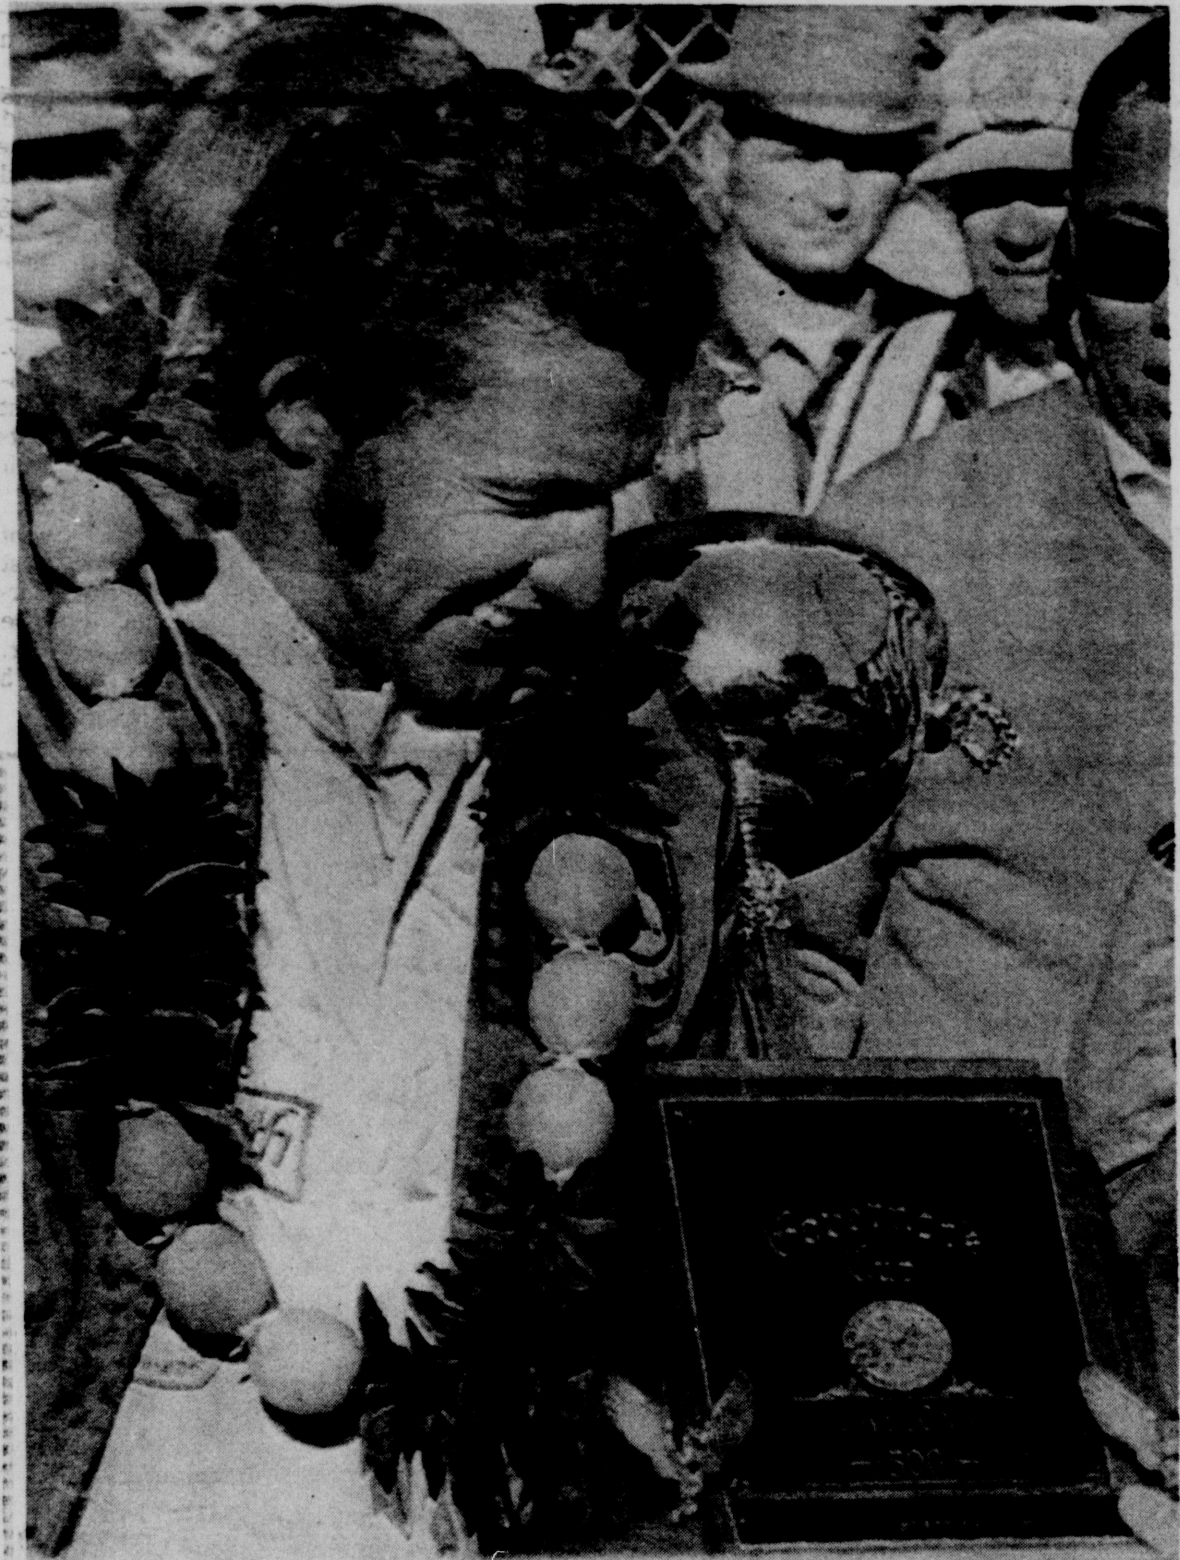

League-leading Louisville and third place Drake lock horns in a crucial Missouri Valley Conference basketball game in Louisville Wednesday but they're both keeping a wary eye on St. Louis, the latest MVC team to make a run for the title.

St. Louis stunned Drake 64-62 last Saturday to move into second place in the standings with a 5-3 record behind Louisville, tops with a 6-3 slate.

St. Louis Coach Bob Polk is happy with his team's progress. "I think this club is playing about as well as it is capable of playing," Polk said. "I feel we have a good opportunity to be a strong contender for the title."

In Wednesday's showdown in Louisville, Drake will try to duplicate its feat of last season when the Bulldogs ended Louisville's 23-game home winning streak.

Arizona State is at New Mexico State in the only Valley game slated tonight. Thursday's schedule includes St. Louis at North Texas; Memphis State at Bradley and New Mexico State at Idaho St.

Collision at Mid-Ice

St. Louis' Frank St. Marschle (9) and New York's Tim Horton (3) collide as Blues' Fran Huck moves in on the loose puck during a National Hockey League game, Sunday in New York. The Rangers edged the Blues in the game, 2-1. (UPI)

# Chicago Whips Canucks; Hull Has 546 in Career

**By THE ASSOCIATED PRESS**

Bobby Hull, Chicago's Golden Jet, vaulted into the No. 2 spot in the National Hockey League's all-time scoring race and while Gordie Howe didn't do much to keep his massive margin at the top, he wasn't exactly napping.

Hull slammed in a pair of goals—the 545th and 546th of his career—to lead the West Division's runaway Black Hawks to a 3-1 victory over Vancouver Sunday night.

Howe didn't ripple the cords for Detroit—but he set up three other goals as the Red Wings

blanked Los Angeles 4-0 to climb out of the East cellar.

In Sunday's other NHL action New York nipped St. Louis 2-1, Minnesota edged Pittsburgh 5-4, Buffalo slipped by Philadelphia 3-2 and Boston bombed Toronto 5-1.

On Saturday St. Louis nipped New York 2-1, Pittsburgh upset Chicago 5-4, Montreal tamed California 5-2, Toronto crushed Los Angeles 8-1 and Minnesota and Philadelphia played to a 2-2 deadlock.

Hull, who went into Sunday night's game tied with Mont-

real's great retired star, Maurice "Rocket" Richard, in career-goals, scored the winning and insurance markers against Vancouver.

**Precious Blood**

**Holds Off Eagles**

**OTTERVILLE** — The Otterville Eagles lost a non-conference bid Saturday night to Precious Blood on the Eagles' home floor, 53-50.

Precious Blood had mounted a 14-11 lead by the close of the first quarter, and added two more to that margin by the end of the first half, 30-25.

The Eagles stayed close in the game, going into the fourth period still behind five points, 44-39.

Otterville outscored Precious Blood in the final half, but only by two; it was not enough to pull off a victory.

Otterville grabbed a 38-24 win in the junior varsity contest, however, with Bob Paul leading the way with 11 points.

Otterville has a Tuesday night game scheduled at Pilot Grove.

## Gateway Club Favored

**KANSAS CITY, Kan. (AP)** — The Gateway Boxing Club of Kansas City is favored to win the team title for the sixth straight year in the regional Golden Gloves Tournament of Champions which gets under way tonight at Memorial Hall.

Gateway has four titlists back from last year plus two winners from other years and two current Missouri Valley AAU champions.

The returnees from 1970 are Earl Wright, 119 pounds; Lorenzo Boles, 132; Larry Martin, 147, and heavyweight Charles Ashley. Wright will box in the 125-pound division this year and Martin in the 165-pound class.

Back from previous years are heavyweight Don Draper, who won two years ago, and Richard Giles, 125-pound national Golden Gloves king. The AAU champions are Allen Woodson, 139 pounds, and Richard Keith, 147.

One other 1970 champion will compete. He is Bill Parrish of Joplin, Mo. Parrish will move up from the 106-pound division where he won his title to the 112-pound competition.

The field may hit 150 boxers with entries from Greater Kansas City, Joplin, Springfield, Jefferson City and St. Joseph, Mo., and possibly Miami, Okla.

The scene of action will shift to Municipal Auditorium in Kansas City, Mo., for semifinals and finals Wednesday and Thursday nights.

## Defends Skate Title

**LAKE PLACID, N.Y. (AP)** — Richie Wurster of Ballston Spa, N.Y., successfully defended his crown for the third straight year in the senior men's division of the North American Outdoor Speed Skating Championships Sunday.

Mrs. Ruth Moore of Newton, Mass., won the senior women's title, marking her first North American Championship.

But it was Chris Lind of Glen Ellyn, Ill., who stole the show. The 17-year-old speedster swept all four events in the intermediate girls division by overwhelming margins.

# Wife Insurance.

# Hawks Widen Lead In Loop Cage Race

KANSAS CITY (AP) — The Kansas Jayhawks, perched high on the Big Eight Conference basketball pinnacle, are about to come face to face at long last with their chief tormentors, the Oklahoma Sooners and the Missouri Tigers.

Oklahoma and Missouri have spent much of the season hanging around waiting for the Jayhawks to stumble so they could take charge. Now 7-0 in league play, Kansas is in a position to administer what could be the knockout punch to both foes.

Kansas, the nation's fifth ranked team, runs headlong into the third-place Sooners tonight at Norman where the Oklahoma Sooners will be sizzling over the 99-69 licking Colorado handed them Saturday night in Boulder.

The Jayhawks, boasting an 18-1 over-all record, play runner-up Missouri Saturday night at home in Lawrence.

Missouri is 5-2 after an 81-72 spanking by Nebraska Saturday night at Lincoln, Neb., and could have its hands full tonight when the Tigers are hosts at Columbia to Iowa State, 2-7. The Bengals catch Iowa State fresh from an 89-66 rout of Kansas State, 3-6. Oklahoma is 5-3 after the Colorado disaster.

Kansas scored its 12th successive triumph in an afternoon televised game Saturday at Stillwater where the Jayhawks tripped stubborn Oklahoma State, 1-7, by 63-50. The victory, coupled with Nebraska's decision over Missouri, opened up a two-game gap for the Jayhawks.

Before the Oklahoma State game, Kansas Coach Ted Owens described the Jayhawks' advantage over the rest of the league as "a slight edge but it's ever so slight." It isn't so slight now and after Saturday night could be a whopping three games with only five games remaining.

Dave Robisch, Kansas' most

consistent player the second semester, hit 22 points against the Cowboys, who utilized a deliberate offense to go out front by eight points midway in the first half and then wilted under an 8-1 scoring assault by the Jayhawks right after intermission. Tony Kraus hit for 12 points for the Cowboys.

Colorado's Cliff Meely went on the biggest scoring spree in league competition in Big Eight history, pouring in 47 points against Oklahoma. He broke the 46-point mark set by three other players, Wilt Chamberlain of Kansas State and Joe Scott of Missouri.

After an even first half which ended 36-36, Meely and the

buffs ripped into the Sooner press and hit 73 per cent of their shots. Bobby Jack was Oklahoma's high scorer with 19.

The Nebraska-Missouri game shifted back and forth until Al Nissen's 20-foot jump shot gave the Cornhuskers a 55-53 edge with 12:46 left and the Tigers never caught up. Chuck Jura connected for 25 points and pulled down 15 rebounds. Henry Brown made 27 Missouri points.

Iowa State got a 31-point performance from Rick Engel in disposing of Kansas State. The Cyclones, breaking their longest losing streak in 17 years, held 6-foot-10 Steve Mitchell to eight points and had a 42-34 halftime lead. Iowa State had dropped seven in a row. Lindbergh

White's 13 points were high for the Wildcats.

Nebraska and Colorado wound up the week with 4-3 marks and tied for fourth place.

This week's remaining schedule:

Tuesday — Nebraska at Colorado.  
Saturday — Missouri at Kansas; Oklahoma at Iowa State; Nebraska at Oklahoma State; Colorado at Kansas State.

Conference	All Games	W	L	W	L
Kansas		7	0	18	1
Missouri		5	2	13	6
Oklahoma		5	3	15	5
Nebraska		4	3	14	5
Colorado		4	3	12	7
Kansas St.		3	6	8	13
Iowa State		2	7	5	16
Oklahoma St.		1	7	6	14

## Arnie Posts Win; Ends Losing Skid

PALM SPRINGS, Calif. (AP) — The man is back.

Arnold Palmer, referred to by his fellow pros as The Man or The King, had just won the Bob Hope Desert Golf Classic, writing an end to the most frustrating period of his incredible career.

"I stood there at the presentation ceremony and I saw people who have been following me around for 15 years and they were crying. It gives you a feeling... well, I don't know how to explain it."

It was the 56th tour triumph for the most popular player the game has ever known, but the first in 14 months, the longest drought he has suffered in 16 years.

"It wasn't easy," the 41-year-old Palmer admitted. "But then, nothing worthwhile ever is."

He won it in dramatic fashion, rolling in an 18-foot birdie putt on the first hole of a sudden-

death playoff with Ray Floyd after squandering a three-stroke lead in the 90-degree temperature.

Floyd shot a final round 67, five under par, to catch him.

Palmer managed only a 70 and blew a chance to win it outright when a poor chip shot killed his opportunity for a birdie four on the 90th hole of the five-day tournament.

They went to the first sudden-death hole tied at 342.

"I stood there thinking, 'Well, it is gonna happen again...'" said Palmer.

"I've been in position to win 10 or 12 times in the last year or so and either through my own mistakes or somebody else's playing real good, I lost. That sort of thing has to enter your thinking."

Both drove into the left rough. Floyd came out about 15 feet from the pin. Palmer was short, about 18 feet. He stalked the

putt carefully—and knocked it in.

Palmer, who has made a fortune from the game and shrewd investments picked up \$28,000 for the victory, putting his all-time money winnings over \$1.3 million. Floyd collected \$16,000 for second place.

Bert Yancey finished third, four strokes back at 346. He had a final round 71. Billy Casper, the current Masters champion, had a 70 for 348 and fourth place. Jim Weichers and Bob Rosburg, each with a 72, followed at 349.

It was a two-man race all the way.

Floyd, playing in the group just ahead of Palmer, took a two-putt birdie on the first hole, rolled in an 18-footer on the seventh and caught Palmer with another birdie four on the eighth.

Palmer birdied the eighth with a 10 footer—putting him 15 under on the par fives—and regained the lead.

He scored from 18 feet on the 12th to go in front by two, but Floyd caught him again with consecutive birds on the 14th and 15th. They parred in the rest of the way—Palmer saving par with a key, four-foot putt on the 15th—and went to the play-off.

### Chiefs Salute Top Grid Professionals

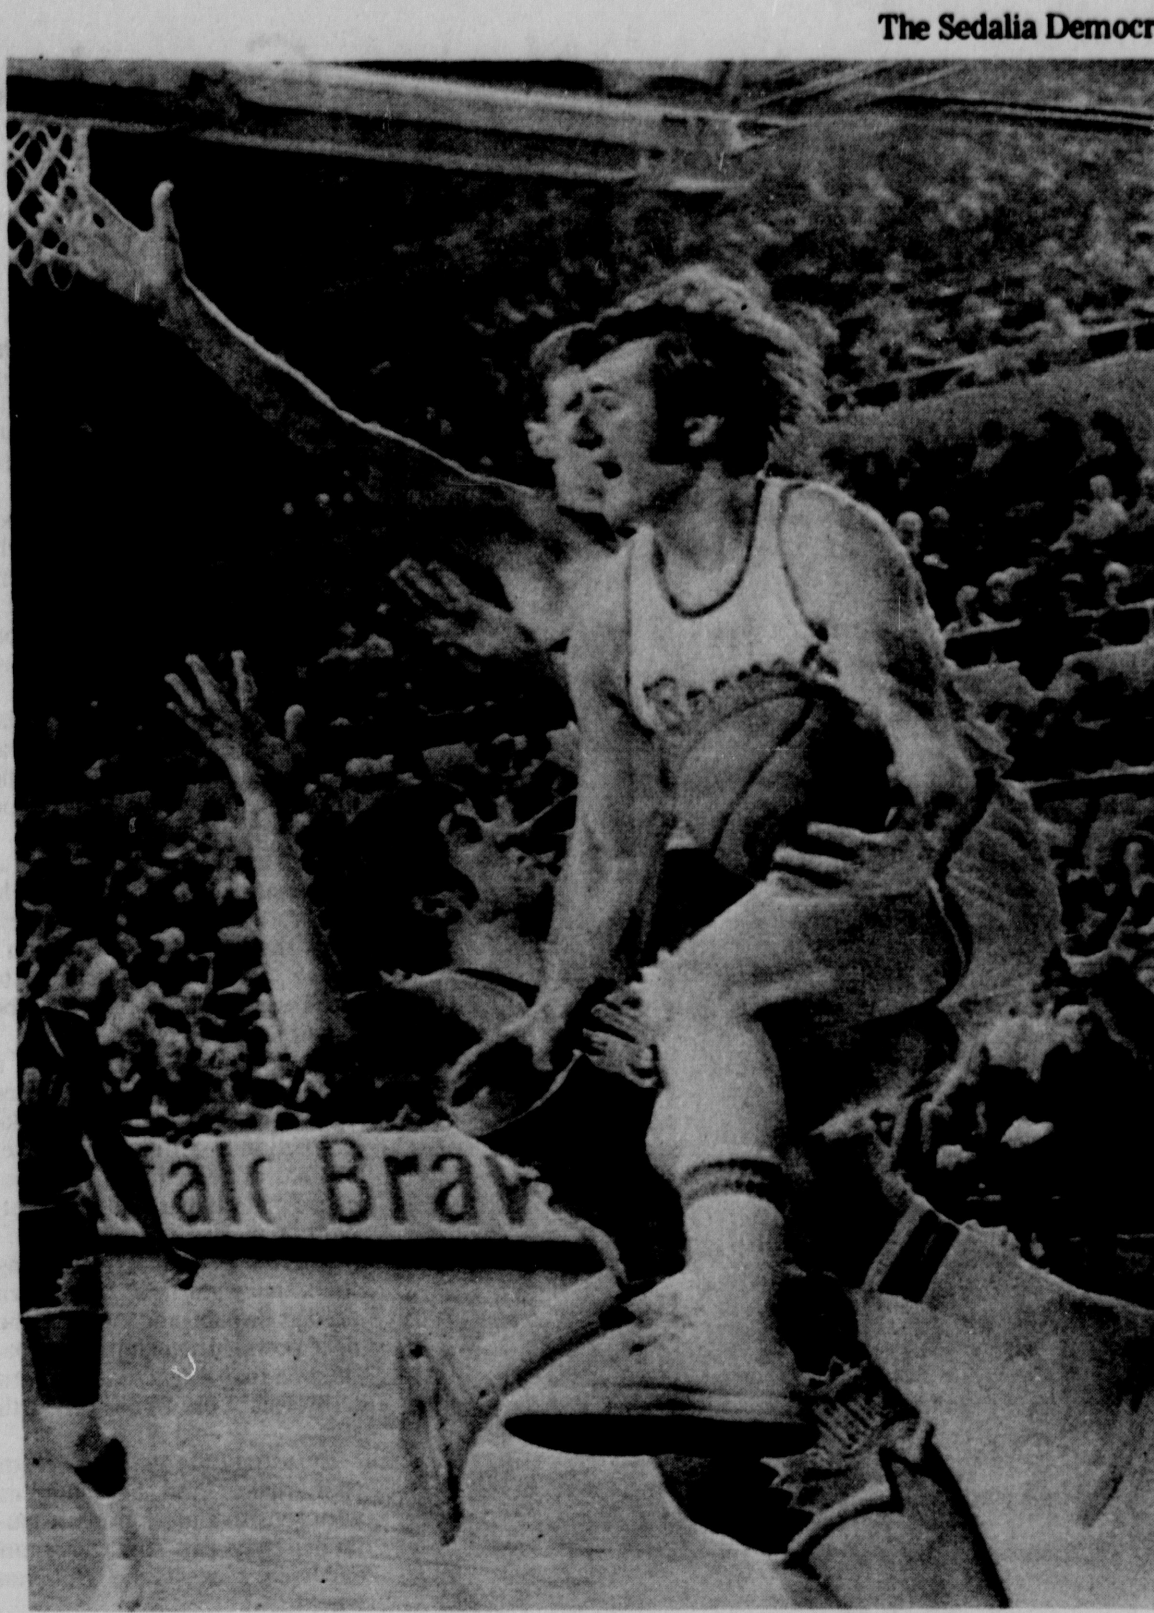

KANSAS CITY (AP)—Awards to players and coaches will highlight the Kansas City Chiefs Salute to Pro Football dinner tonight.

Players John Brodie of San Francisco, Alan Page of Minnesota, Mike Curtis of Baltimore, George Blanda of Oakland and Chuck Howley of Dallas and Coaches Dick Nolan of San Francisco and Paul Brown of Cincinnati will be awarded trophies.

Brodie and Page are the National Football Conference players of the year as selected by 101 sports writers and sportscasters. Curtis and Blanda are the American Conference selections. Howley was the most valuable player in the Super Bowl.

Brown and Blanda will not be present. Brown's son Mike, an official in the Cincinnati Bengals' front office, will accept his father's trophy. Jim Otto, Oakland's all-time center in the AFC, will accept Blanda's trophy.

The Chiefs also will announce the second honoree for their Hall of Fame. A bust of the honoree will be unveiled and will later be placed in the Hall of Fame niche at the Harry S. Truman Sports Complex.

Bowled Over

## Play Tonight Roadrunners Notch Victory Over ECJC

WASHINGTON, Mo. — It took State Fair Community College a half to put their shooting together and register their 12th win of the year Saturday night, but the Roadrunners posted an 84-65 win over East Central Junior College here.

Hitting only 30 per cent in the opening half, the Roadrunners ripped through every shot from the field in the first 10 minutes of the second stanza in recording the victory, their 12th in 19 starts this season. For the second half, SFCC blistered the nets for 20 of 28 shots from the field, a hot 71 per cent.

"I don't think our players were really up for this one," said SFCC Coach Bill Barton, Sunday, "since we beat them 96-48 in the championship of their own tournament two weeks ago."

Darrell Gordon, a 5'10" sophomore guard, had only two points in the opening half, but tossed in 15 points in the second

half to lead the Roadrunners in the scoring department with 17. Sophomore forward Gene Wimsatt followed with 16, while freshman Myles Yates added 13.

Lincell Nichols was the game's leading scorer with 19 points for the losing Rebels.

### KDRO Radio Takes Team Keg Event

KDRO Radio of the Wednesday night Streamliners League was the winner of the team event in the Sedalia Women's Bowling Tournament held at Broadway Lanes, Saturday and Sunday.

The squad's 477 pin handicap gave KDRO a team score of 2900. Individual scores included Ima Brandes 478, Opal Rinebarger 460, Dorothy Dority 503, Nita Hanenkratt 447 and Lorene Miller 535.

Second place in the team event went to the Rocketts of Whiteman Air Force Base with a total of 2865.

Hamm's Beer of the Monday night Eager Leaguers League had the high team scratch game. High individual series went to Myrt Buck with a 574, while high individual game was rolled by Carol Jett at 223.

The doubles and singles events will be bowled Saturday and Sunday beginning at 2 p.m. at Broadway Lanes.

### Tigers Drop Out of State Soccer Play

PATTONVILLE, Mo. — The Smith-Cotton Tigers were dropped from the Missouri State High School Activities Association's soccer playoffs Saturday, when they lost to Pattonville in the first round of play, 6-1.

Mark Aubuchon and Andy Kearn each scored a pair of goals for the Pirates, who took a quick 2-0 lead with only a minute and a half gone in the contest.

In other north division play, a penalty kick by Tony Pietoso lifted Lutheran North to a 1-0 win over Northwest, while Bob Downey and Joe Purpura scored to give Parkway Central a 2-0 victory over St. Dominic.

DeAndreis won over Vashon, 7-0; University City whipped Chaminade, 4-1; Country Day defeated Prep North, 2-1 and Normandy blanked John Burroughs, 4-0.

Palmer Ends Long Drought

Arnold Palmer gives it a full measure of body english as he watches his 25-foot putt drop in and make the difference in a sudden-death playoff Sunday in the Bob Hope Desert Classic in Palm Springs, Calif. The victory over Ray Floyd is the first win for Palmer in 14 months. (UPI)

## Bulls Move Closer

By THE ASSOCIATED PRESS  
The latest trading report from the National Basketball Association shows a bull market and good deal of over-the-counter volume.

The Chicago Bulls cowtailed Cleveland 103-83 and climbed within a game of the second-place Detroit Pistons, who lost to Boston 110-108, in the Midwest Division.

Boston Coach Tom Heinsohn created some of the volume when he was tossed out of the game for disputing a foul call shortly before John Havlicek sank two free throws with seven seconds left for the Celtics' triumph.

That enabled Boston to move within two games of runner-up Philadelphia in the Atlantic Division. The 76ers bowed to Baltimore 112-103 and Coach Jack Ramsey added to the volume when he said he was playing the game under protest after the 76ers were tagged with a technical foul for having six players on the court.

Elsewhere, Milwaukee crushed Atlanta 124-88, Los Angeles downed Cincinnati 125-113, Phoenix turned back Buffalo 108-97 and Seattle blasted San Francisco 146-101.

In the ABA, it was New York 118, Denver 117; Virginia 144, Kentucky 140; Indiana 116, Memphis 111 in overtime; the Floridians 109, Carolina 106 and Utah 128, Pittsburgh 118.

The Bulls played without leading scorer Bob Love but Jerry Sloan picked up the slack with 26 points and a fine defensive effort. John Johnson's 26 points paced the Cavaliers.

Havlicek not only sank Boston's winning free throws but led the Celtics with 36 points. Dave Bing had 27 for Detroit. Havlicek, Don Chaney and Don Nelson sparked a Boston comeback from a five-point deficit in the final period.

Earl Monroe scored 15 of his 33 points in the third quarter as Baltimore trimmed Philadelphia and dropped the 76ers 3 1/2 games behind front-running New York in the Atlantic Division. Philly's Billy Cunningham led all scorers with 35 points.

Milwaukee ran its winning streak to six games and snapped Atlanta's five-game skid by rolling to a 32-14 lead in the first period and coasting home. Lew Alcindor scored 23 points for the Bucks and controlled the board.

Los Angeles jumped to an early lead over the Royals and never was headed, building a 16-point halftime bulge. Jerry West topped the Lakers with 22 points and Norm Van Lier was high for Cincinnati with 24.

Seattle, which had lost nine of 12 games, matched the highest point total in the club's four-year history and registered the largest victory margin ever. Spencer Haywood was high with 25 points.

Property Is Cheap

For some 80,000 families in the Los Angeles area, the earthquake that hit last Tuesday lasted less than one minute, but its complications will last for years to come. Joe McKenna hangs

## Controversy Mounting On Predicting Quakes

LOS ANGELES (AP) — The earthquake that struck the Los Angeles area last week has focused new interest on an old question: Can earthquakes be predicted?

Even the experts don't agree. Some say it's impossible. Others say it's possible, but improbable. Still others say it's possible, but only with more money, equipment and research.

Dr. Charles F. Richter, who perfected the earthquake-measuring Richter scale, says of the tremors: "There is no way you can predict them."

Dr. Donald Anderson, head of the California Institute of Technology Seismology Laboratory, says that right now "we don't know how to forecast earthquakes," but predicts it may be possible someday.

Dr. William Van De Lindt, a geophysicist at the IBM science center here, says earthquake prediction is definitely possible, but hasn't been done before because "it's never had the spotlight on it."

There's no quarrel among them that right now, no one can predict when and where the next powerful earthquake—like the one that staggered Southern California on Tuesday—will strike.

By using data gathered from past quakes and field studies with sensitive measuring instruments they can say where an earthquake is likely. But not when.

Richter, a Caltech professor now retired, says people who make such precise predictions now are "charlatans, fakes or liars."

Anderson says that with funds, equipment and research "it would in my opinion be possible to forecast a quake in a given area within a week."

The main technical problem, he says, "is having enough instruments in strategic locations. In Southern California, there

are only 30 (seismic) stations and they're about 12 miles apart. So there are large areas we aren't covering.

"It'd be nice if we had a grid covering the entire state, with the stations not less than six miles apart," he said, adding that this probably would require at least 10,000 seismometers. There are only about 300 in the entire state now, he said.

Although California is the most fertile ground for earthquake study—many of the nation's quakes occur here—research on the subject never has been funded by the state, he said.

A special committee in 1965 recommended the federal government spend a total of \$137 million over a 10-year period for research into the causes of earthquakes and ways to forecast them.

The committee was named by Dr. Frank Press, now head of the geology department at the Massachusetts Institute of Technology, who then headed the White House Office of Science and Technology.

Press now says that because of underfunding, the recommended research program hasn't helped much and today there remains "no essentially consistent research program" on earthquakes.

Prediction is purely a mechanical problem, says Van De Lindt. He believes predictions could be a reality a generation from now if the nation's leaders make it a top priority.

He says computers will play a large part in collating data necessary to predict when and where the next powerful earthquake will hit.

But he says the mathematical calculations involved in checking earthquake theories and field data—magnetic fluctuations, stress factors and the like—are so immense no computer today can digest them.

Dr. Louis C. Pakiser, a geo-

physicist and former chief of the National Center for Earthquake Research, is more optimistic.

He says a prediction system can be worked out in five years and adds: "Some think it will take longer than five years, but I am convinced the outlook for predictions is very good."

"How far in advance? I'd say forecasts will be on a short term, perhaps a day or a few hours."

How would scientists go about making predictions? By intensive studies of the earth's crust, kept in motion almost constantly by little understood forces that compress, stretch and twist it.

Studies focus on cracks called faults that can extend as much as 30 miles deep. Sudden slippage along such a crack causes quakes.

To study the crust, experts use long quartz tubes, anchored in native rock, that record pressures and tensions. Changes in the length of light beams detect movement along two sides of a fault. Special instruments can measure changes in tilt, in level. Others can determine whether stresses and strains are likely to cause vertical or lateral slippage along a fault, or a combination of both.

California's great San Andreas fault, for instance, averages two inches of movement a year. Some sections creep. Other sections don't move until there's a shock. Then slippage can be 22 feet or more, causing a major shock.

Besides studying rock strains, experts monitor magnetic variations. Some say unusual disturbances occur in the earth's magnetic field before some quakes.

Another field of study is heat flow. Temperatures flow through rock. Some changes are attributed to action of the earth's molten core, others to radioactivity in rocks. Some

scientists believe analysis of temperature readings could provide a basis for prediction.

Instrument-obtained data then would be related to the kind of rock in the area, and its resistance to strain—whether it's hard like granite or soft like sandstone.

## Shultz Optimistic on Inflation Control

WASHINGTON (AP) — Contending that wage increases generally have not been a cause of inflation, Budget Chief George P. Shultz predicts the country can "get control of inflation" this year.

Shultz said a strong upswing in productivity—more output per worker, resulting mainly from a management download on costs—is already having a stabilizing effect.

In construction and some other segments of the economy wage settlements remain a major problem, Shultz said in a question-and-answer exchange with The Associated Press, and prices "are still increasing at a rate that is unacceptably high."

"But we think the rate is moderating and will continue to moderate," said Shultz, director of the Office of Management and Budget.

"Across the economy generally the rate of increase in wages has not been such as to cause inflation," he said.

The questions and answers: Q. Mr. Director, do you find any reassurance on the inflation problem in the recent price statistics?

A. Well, the most recent price statistics show inflation at a high rate. I think if you take the price statistics over a period of time, however, you see that the rate of inflation is less, say, in the second half of 1970 than it was in the first half. We see a rather sharp decline in the rate of increase in the wholesale price index, which is an underlying indicator.

Q. Do you have any fear, in proposing this administrations expansionary budget policy, that this may itself foster inflationary psychology?

A. It is possible that people will interpret it that way, but I don't believe they should. The big facts are that there is a tremendous difference between a deficit when the economy is operating at less than full employment—and when you want to

see it expand and get up to the point where it is using all its resources—and a deficit that takes place when the economy is already using all its resources, and when the extra government spending can only lead to bidding for resources that are already in use.

Q. Do you think that wage increases can be moderated on the basis of a future hope that inflation will be less?

A. Very large wage increases are not a general problem across the economy. They are a problem in particular places, and the most troublesome one is the construction industry. But across the economy broadly the rate of increase in wages has not been such as to cause inflation.

I think the big thing that is going to come into play in 1971 that is going to be helpful to us is a surge in productivity. When this surge in productivity comes against the wage increase levels—which will persist, but which

are moderate across most of the economy; not everywhere, but most of the economy—then we will see unit labor costs come under control.

This on the cost side, combined with some moderation on the price side, is what gives us reason to think we can get control of inflation.

Q. Why is an increase in productivity expected?

A. For two broad reasons. First, the severe stress on profits characteristic of last year—and really of two or three years prior, but particularly last year—has led industry to examine its costs carefully. I think there has been the greatest burst of cost-consciousness across all organizations that we've had in quite a number of years.

The second is that as the economy expands, you tend to get to see the benefits of that cost reduction, because then

output is expanding and you have the advantage of having a larger output produced without overhead costs going up proportionately.

Q. About the federal budget: In view of the \$20-billion gap between expectation and performance in this current year's budget—an \$18.6-billion deficit instead of a \$1.3-billion surplus—do you have confidence in the estimates for the fiscal 1972 budget? Especially the forecast of \$1.065 trillion in national output this year, on which the estimate of budget revenues is based?

A. Yes, I think that the estimates are good estimates. It is even possible that they will turn out to be conservative rather than very much on the high side. The economy has, in seven years of the post-World War II period, met or exceeded the 9 per cent growth which in gross

national output (GNP) which this forecast implies.

I think on some 10 occasions it has met or exceeded the real rate of growth implied in this forecast. (The "real growth rate" is the GNP deflated to eliminate the effect of inflation.)

Q. What is the expected 1971 real rate of growth?

A. Well, we expect that prices will continue to rise, and that there will be a real rate of growth on the order of 5 per cent or so—in that general range.

Q. The other 4 per cent of the increase would be the price rise?

A. It would reflect the more moderate price increase this year—and of course that's an average. We would expect the rate of price increase to be lower at the end of the year than it would be at the beginning of the year.

### Kickbacks Possible

## Studying PX Operation

WASHINGTON (AP) — A Senate subcommittee and the Defense Department are investigating allegations that civilian vendors used kickbacks to get preferred treatment from managers of a Navy liquor-buying fund on Guam.

Senate sources say the claims may be used in new hearings to illustrate "an unbelievable pattern of corruption" spreading through U.S. military bases in Southeast Asia.

A Pentagon spokesman, asked about the reports, replied: "There is a criminal investigation under way which, in part, involves beverage sales at service clubs on Guam. We can provide no details at this time because the investigation is still in progress."

"The key consideration is the relationship between the vendors and procurement officers," a Senate source said, adding, "The word kickback has been used."

The Senate's Permanent Investigation subcommittee will begin Wednesday hearings focusing on the giant, worldwide Post Exchange—PX—system which serves military personnel and their families.

But Sen. Edward J. Gurney, R-Fla., reporting on a trip to Southeast Asia last fall, said the scope of possible corruption of the funds which purchase beer and liquor for sale to American soldiers serving in the area is also vast. These funds are separate from the PX system.

The military services commonly provide liquor through so-called "locker funds," simi-

lar to the one operated on Guam.

In his report, not yet released but made available to the Associated Press, Gurney said these funds have built up relatively large assets over the years, even though they operate on a relatively small profit.

Officially, he said, liquor in Vietnam is stocked on the basis of "popular sales preference of alcoholic beverages" as reported in an authoritative American marketing magazine.

Unofficially, he said, "This really becomes a mixture between national ratings and local demand."

In the hearings, "I think we shall see... some concerted efforts to artificially establish some local demand statistics in order to influence the procurement," Gurney said.

The Senate investigators, led by Sen. Abraham Ribicoff, D-Conn., since 1968 have been examining management of the military's billions of dollars in so-called nonappropriated funds—money generated through sales to soldiers at clubs, post exchanges, bowling alleys, movie theaters, slot machines, and many more off-duty activities.

These funds totaled more than \$6 billion last year, about half from the PX system.

In previous hearings, the Senate investigators outlined what they said were two chief means of getting rich: Complicated deals in South Vietnam's currency blackmarket, and the use of cash—sometimes women and other favors—to win cooperation of senior sergeants and officers

who run military clubs.

Of the current investigation, one source commented: "I think what we've got now is ten times what we had then."

## Suggest Campaign Gimmick

ST. LOUIS (AP) — About 1,000 Republicans who attended the 71st annual Lincoln Day dinner activities over the weekend heard a new gimmick for campaign contributions this year — the credit card.

State GOP Finance Chairman Donald L. Wolfberger said arrangements have been made with major credit card companies to allow contributors to "charge it."

The goal this year is \$575,000, about \$175,000 more than last year. Six contribution plans are available, ranging from \$250 to \$3,000. There will also be a "buck night" in which volunteers go from door to door to solicit campaign funds.

The state night speaker was U.S. Rep. Wilmer "Vinegar Bend" Mizell, R-N. C., a former pitcher for the St. Louis Cardinals. He plugged for the Nixon administration's revenue-sharing proposals as a way of allowing local and state governments to solve their own problems.

## Freedoms Foundation Awards Are Presented

VALLEY FORGE, Pa. (AP) — The Freedoms Foundation was to present \$500 and its George Washington Honor Medal today to Marvin Van Gilder, city editor of the Carthage (Mo.) Press, for his editorial, "For Freedom."

The foundation honors Americans for outstanding contributions to a free America and the American way of life. The awards are presented annually in observance of Washington's birthday.

Two Missouri organizations, both headquartered in Kansas City, received citations.

They are Sertoma International, awarded a Distinguished Service Award for its "Love Your Country" program to promote American ideals, institutions and traditions, and the Veterans of Foreign Wars, given a Distinguished Service Award for its patriotic activities and the 23rd annual "Voice of Democracy" contest on the theme of "Freedom's Challenge."

Other 1970 Freedoms foundation awards in Missouri included these for armed forces letters on the subject "Freedom—Privilege, or Obligation?":

Atlanta: Spec. 5 Thomas I. Day, U.S. Army, Honor Certificate for his letter from overseas.

Bonne Terre: Col. Henry C. Thompson, Army, George Washington Honor Medal for his letter from Tacoma, Wash.

Caulfield: Lt. Franklin W. Carter, U.S. Navy, George Washington Honor Medal for his letter from Washington.

ter from Washington, D.C. Ft. Leonard Wood: Spec. 4 Patrick Angionilli, Army, of Miramar, Fla., George Washington Honor Medal.

Herculaneum: C.2.c. Donald A. Peppers, U.S. Air Force, Honor Certificate for his letter from his Colorado station.

Knob Noster: Tech. Sgt. Miller B. Swearingen, Air Force, Honor Certificate for his letter from Malmstrom AFB, Mont.

Richards-Gebaur AFB: Col. Clifford V. Taylor, Air Force, \$100 and George Washington Honor Medal.

St. Louis: Spec. 5 John W. Bridges, Army, \$50 and George Washington Honor Medal for his armed forces letter from overseas; Capt. Gerald R. Ortbals, Air Force, George Washington Honor Medal for his letter from Waltham, Mass.; A.1.c. Robert A. Schumacher, Air Force, George Washington Honor Medal.

Sedalia: Lt. c. Brice M. Bell Jr., 2907 West 11th, Honor Certificate.

Springfield: Spec. 5 Richard A. Brown, Army, \$100 and George Washington Honor Medal for his letter from Ft. Hood, Tex.

Whiteman AFB: Sgt. Matthew L. Vollucci, Air Force, Honor Certificate.

Other awards: Bridgeton: Sister Barbara Louise Volk, St. Mary's School, Valley Forge Teachers Medal.

Centralia: Jim Coffin, \$100 and George Washington Honor Medal for his Youth Public Address, "Freedom's Challenge."

Ferguson: Mrs. Ruth M. Morrissey, Southwest High School, Valley Forge Teachers Medal.

Gainesville: Bank of Gainesville, George Washington Honor Medal in advertising category.

SPECIAL LIMITED ENROLLMENT FOR EXTRA CASH BENEFITS! EXPIRES MIDNIGHT, MARCH 7, 1971

# Now-\$1 Enrolls You In The Doctors Hospital Plan To Safeguard Your Income and Savings If Sickness Or Accident Puts You In The Hospital

MAXIMUM BENEFIT UP TO \$10,000—TAX-FREE! PLAN PAYS EXTRA CASH DIRECT TO YOU—IN ADDITION TO ANY OTHER INSURANCE—INDIVIDUAL, GROUP OR MEDICARE...TAX-FREE EXTRA CASH TO USE AS YOU PLEASE!

**PAYS \$100  
A WEEK  
EXTRA**

If you are hospitalized  
(See all plans below)

**PAYS \$75  
A WEEK  
EXTRA**

If your wife is hospitalized (See  
All-Family and Husband-Wife plans  
below)

**PAYS \$50  
A WEEK  
EXTRA**

If a covered child is hospitalized  
(See All-Family and One-Parent  
Family plans below)

**PAYS \$350  
A WEEK  
EXTRA**

If you and your wife are both injured  
and hospitalized (See All-Family  
and Husband-Wife plans below)

**PLUS INCREASED  
EXTRA CASH FOR  
CANCER, HEART  
ATTACK OR  
STROKE**

**REGARDLESS OF YOUR AGE OR THE SIZE OF YOUR FAMILY, YOU CAN ENROLL FOR ONLY \$1.00**

Then, after the first month, continue this "extra cash" coverage at Physicians' low rates.

During this Limited Enrollment Period, you can enroll yourself and all eligible members of your family simply by mailing the Enrollment Form below with \$1. There's nothing else to do—but you must mail your Enrollment no later than Midnight, March 7, 1971!

Think of it. Now, with a stroke of your pen, you can have tax-free, expense-free extra cash paid direct to you when a sudden accident or unexpected illness hospitalizes you or a covered member of your family! And you may enroll during this Limited Enrollment Period without having to see a company representative and without any red tape whatsoever. All you need do is mail the Enrollment Form below together with just \$1 before the expiration date. It's that easy!

**Why You Need Extra Cash**  
In Addition To Ordinary Hospital Insurance  
Anyone who has been in the hospital recently knows ordinary hospital insurance—even Medicare—simply will not cover everything. You have to pay many "extras" out of your own pocket—and it can add up to hundreds of dollars in a frighteningly short time.

But even if your ordinary hospital insurance covers most of your medical and hospital bills, what about the bills that keep piling up at home?

If you, as husband, father and breadwinner are suddenly hospitalized, your income stops, your expenses go up. Even if you have some kind of "salary insurance" it probably won't come close to replacing your full-time pay.

If your wife is suddenly hospitalized, who will look after the family, do the laundry, the marketing, the cleaning? You may have to take time off from your job—or hire full-time domestic help—to take care of things at home.

If one of your children is suddenly hospitalized, you will certainly spare no expense. You wouldn't even think of the cost.

If you're over 65 and are suddenly hospitalized, Medicare, fine as it is, won't pay all of your hospital expenses or any household expenses. Most senior citizens won't want to use up savings it may have taken a lifetime to accumulate...they want to retain their independence and not become a "burden" to their children or community.

Without "extra cash" protection, a hospital emergency may leave you with savings gone, debts you can't pay, peace of mind shattered—even your recovery can be seriously delayed by money worries!

**How The Plan Protects You And Your Family**  
Now, with the unique "extra cash" protection of The Doctors Hospital Plan you can avoid these worries because you can be assured of extra cash income when you or any covered member of your family goes to the hospital. No matter how large your family, no matter what your age or occupation and without any qualifications whatsoever, you can choose any of the four low-cost plans shown at right to meet your family's special needs.

In addition to the "extra cash" hospital benefits, you get all these valuable "extra" features:

## Your "Health-Bank Account" Grows Each Month

Here's a wonderful benefit, no matter which plan you choose—almost like having an extra "Bank Account." When your policy is issued, your insurance provides up to \$10,000, \$7,500, or \$5,000—depending upon the plan you choose. This is your "Health-Bank Account."

Then, every month your policy is in force, a sum equal to your regular monthly premium (including your first month) is actually added to your maximum! When you have claims, your benefits are subtracted from your "account." It's much like putting money in and taking it out of a bank account.

## Enjoy Life-Long Security

For as long as you live and continue to pay your premiums, we will never cancel or refuse to renew your policy for health reasons—and we guarantee that we will never cancel, modify or terminate your policy unless we decline renewal or modify all policies of this type in your entire state or until the maximum (Aggregate of Benefits) of your policy has been paid.

## You May Actually Come Out "Money Ahead"

Because The Doctors Hospital Plan pays you in addition to any other company's health insurance you carry—individual, group or even Medicare—and because all your extra cash benefits are tax-free, you may leave the hospital many dollars ahead...money you don't have to account for to anyone. Of course, you may have only one like policy with Physicians Mutual.

## Enroll For Only \$1

Regardless of your age, the size of your family, or the plan you select, you get your first month for only \$1.00. If you choose the All-Family Plan—all your eligible children (including future additions) are included at no extra cost. (See box at right for low rates.)

## Extra Cash Protection At Surprisingly Low Cost

How can a hospital plan offer so much for so little? The answer is simple: We have lower total sales costs. The Doctors Hospital Plan is a mass enrollment plan. All business is conducted between you and the company by mail. No salesmen will call. It all adds up to real savings we share with you by giving you high quality protection at low cost.

## Offered By Physicians Mutual "The Doctors Company"

Your policy is backed by the resources, integrity and reputation of the Physicians Mutual Insurance Company, "the doctors company," specializing in health and accident protection for physicians, surgeons and dentists for more than 68 years. Dunne's Insurance Reports, one of the leading insurance industry authorities in the nation, gives Physicians Mutual its highest policyholders' rating of "A Plus (Excellent)." Serving hundreds of thousands of policyholders throughout the United States direct by mail, Physicians Mutual has its headquarters in Omaha,

## CHOOSE THE PLAN THAT SUITS YOU BEST

### INDIVIDUAL PLAN \$5,000 MAXIMUM

PAYS YOU: \$100 weekly (\$14.28 daily) extra cash when you are hospitalized.

If you are living by yourself, or if you wish to cover only yourself or one family member, choose the Individual Plan.

You pay only \$3.95 monthly and you get your first month for only \$1.00!

### ALL-FAMILY PLAN \$10,000 MAXIMUM

PAYS YOU: \$100 weekly (\$14.28 daily) extra cash when you are hospitalized. \$75 weekly (\$10.71 daily) when your wife is hospitalized. \$50 weekly (\$7.14 daily) for each eligible child hospitalized.

If yours is a young, growing family, we recommend the All-Family Plan. All your children (including future additions) between 3 months of age and under 21 are included at no extra cost as long as they are unmarried and live at home.

You pay only \$7.95 a month and you get your first month for only \$1.00!

### HUSBAND-WIFE PLAN \$7,500 MAXIMUM

PAYS YOU: \$100 weekly (\$14.28 daily) extra cash when you are hospitalized. \$75 weekly (\$10.71 daily) when your wife is hospitalized.

If you have no children, or if your children are grown and no longer dependent on you, you will want the Husband-Wife Plan.

You pay only \$6.45 a month and you get your first month for only \$1.00!

### ONE-PARENT FAMILY PLAN \$7,500 MAXIMUM

PAYS YOU: \$100 weekly (\$14.28 daily) extra cash when you are hospitalized. \$50 weekly (\$7.14 daily) for each eligible child hospitalized.

If you are the only parent living with your children, we suggest the One-Parent Family Plan. This plan has been tailored to help meet your particular needs. It covers you and all unmarried children living at home between 3 months of age and under 21.

You pay only \$5.95 a month and you get your first month for only \$1.00!

On all plans, your "extra cash" benefits are paid from the very first day you enter the hospital, for as long—and for as many times—as you are hospitalized, right up to the maximum (Aggregate of Benefits) of the plan you select.

Naturally The Doctors Hospital Plan will cover any new accident or sickness. New accidents are covered immediately. After your policy is 30 days old, you are covered for new sicknesses which begin thereafter. There are only these minimum necessary exceptions: pregnancy or any consequence thereof

(unless you have the All-Family Plan or the Husband-Wife Plan, each of which covers maternity after the policy is in force for 10 months), war, military service, mental disorder, alcoholism or drug addiction, or conditions covered by Workmen's Compensation or Employers Liability Laws.

You are free to go to any lawfully operated hospital of your own choice, with these exceptions only: nursing homes; convalescent, extended-care, or self-care units of hospitals; or Federal hospitals.\*

\*Not applicable in Missouri

automatically puts your policy in force. Along with your policy you will receive a simple, easy-to-use Claim Form. When you need your benefits, you can be sure that your claim will be handled promptly.

## Protect Your Family—Enroll Now. If Not Satisfied Your \$1 Will Be Refunded

Take a moment now to fill out your Enrollment Form and mail it with only \$1.00 for your first month. When you receive your policy, you'll see that it is honest and easy to understand. But if for any reason

## SPECIAL EXTRA BENEFITS!

Whichever plan you choose, you get:  
**30% INCREASE IN YOUR CASH BENEFITS...** if you or any member of your family is hospitalized for cancer (including Leukemia and Hodgkin's Disease), heart attack (acute myocardial infarction, coronary thrombosis and coronary occlusion), or stroke (apoplexy).

If you choose the All-Family Plan or the Husband-Wife Plan, you get in addition:

**DOUBLE CASH BENEFITS** if both you and your wife are injured and hospitalized at the same time: You get twice the amount—\$350 A WEEK!

Important: Here is another real "plus"—if you have been told that anyone in your family is "uninsurable"! Even if one of your covered family members has suffered from chronic ailments in the past—ailments that come back again and again, or are likely to recur—you will be covered for these pre-existing conditions after your policy has been in force for one year!

## IF YOU ARE OVER 65

Even though Medicare will pay most of your hospital expenses it will not cover all of your needs. During this limited enrollment, you can get the extra cash protection needed during the high-risk senior years without any qualifications just by using the form below!

It's a fact that people over 65 go to hospitals more often and have larger hospital bills. That's exactly why they need extra cash protection! And that's why some hospital plans won't accept them or charge rates beyond their means. But The Doctors Hospital Plan not only accepts you regardless of age, it gives you easy-to-carry protection that is within your means. If you are over 65 now, or when you become 65, the following modest monthly additional rate applies:

Female on All-Family or Husband-Wife Plan .....\$2.50  
Female on One-Parent Family or Individual Plan ..... 3.50  
Male on any Plan ..... 3.50

son whatsoever you change your mind you may return your policy within 10 days and we will promptly refund your dollar.

**IMPORTANT:** We can only accept your enrollment if it is postmarked on or before the date shown below. But please don't wait until the last moment. The sooner we receive your form, the sooner The Doctors Hospital Plan will cover you. You risk nothing by acting promptly. You may lose hundreds of dollars in "extra cash" benefits through needless delays. Mail your enrollment form today!

## 19 Important Questions Answered

### ABOUT THE NEW DOCTORS HOSPITAL PLAN

#### 1. What is The Doctors Hospital Plan?

The Doctors Hospital Plan is a brand-new, low-cost health protection plan—that pays extra cash direct to you when a covered accident or illness hospitalizes you or a covered member of your family.

**2. Why do I need The Doctors Hospital Plan in addition to my regular insurance?**  
Probably your present hospital insurance won't cover all your hospital expenses, but even if it does, you will still need help to cover all your household expenses when you are hospitalized.

**3. Can I collect even if I carry other health insurance?**  
Yes. The Doctors Hospital Plan pays you in addition to any health insurance you carry, whether individual or group—even in addition to Medicare! And all your benefits are tax-free! Of course, you may have only one like policy with Physicians Mutual.

**4. Is there a lot of red tape to qualify?**  
None at all. Your only qualification is to complete and mail your Enrollment Form by the deadline date shown.

**5. Which plan should I choose?**  
You may choose any of four low-cost plans—you can actually select the exact plan that suits you best! If you live by yourself, or wish to cover only one family member, choose the INDIVIDUAL PLAN.

If you have no children as yet, or if you have children who are grown and no longer dependent on you, you will want the HUSBAND-WIFE PLAN.

If yours is a young, growing family, we recommend the ALL-FAMILY PLAN. You and your wife are covered at once for accidents, for new sicknesses after 30 days, and for maternity benefits after 10 months. All your children (and future additions) between 3 months and under 21 are included, at no extra cost, as long as they are unmarried and live at home.

If you are the only parent living with your children, we suggest the ONE-PARENT FAMILY PLAN. This covers you and all unmarried children living at home between 3 months of age and under 21.

**6. If I become hospitalized, when do my benefits begin?**  
On all plans, your cash benefits are paid from the very first day of covered hospital confinement, for as long—and for as many times—as you are hospitalized, up to the maximum (Aggregate of Benefits) of the plan you choose.

**7. How much can I be paid?**  
Each plan has its own "Aggregate of Benefits," what we call the maximum.  
For example, under the INDIVIDUAL PLAN, the

maximum is \$5,000—\$100 weekly (\$14.28 daily) when you are hospitalized.

Under the HUSBAND-WIFE PLAN, the maximum is \$7,500—\$100 weekly (\$14.28 daily) when you are hospitalized; \$75 weekly (\$10.71 daily) when your wife is hospitalized.

Under the ALL-FAMILY PLAN, the maximum is \$10,000—\$100 weekly (\$14.28 daily) when you are hospitalized; \$75 weekly (\$10.71 daily) when your wife is hospitalized; \$50 weekly (\$7.14 daily) for each eligible child hospitalized.

Under the ONE-PARENT FAMILY PLAN, the maximum is \$7,500—\$100 weekly (\$14.28 daily) when you are hospitalized; \$50 weekly (\$7.14 daily) for each eligible child hospitalized.

**8. Are any additional benefits included in The Doctors Hospital Plan?**

Yes. You receive a 50% increase in cash benefits if you or any covered family member is hospitalized for cancer (including Leukemia and Hodgkin's Disease), heart attack (acute myocardial infarction, coronary thrombosis and coronary occlusion), or stroke (apoplexy).

**9. What are the "double" cash benefits?**

If you and your wife are both injured and hospitalized at the same time and are covered by the ALL-FAMILY PLAN or the HUSBAND-WIFE PLAN, you get double cash benefits. You get twice the amount—\$350 A WEEK!

**10. Does this plan pay in any hospital?**

You will be covered in any lawfully operated hospital except nursing homes; convalescent, extended-care, or self-care units of hospitals; or Federal hospitals.\*

**11. When does my policy go into force?**

It becomes effective the very same day we receive your Enrollment Form. New accidents are covered on that date. After your policy is 30 days old, new sicknesses which begin thereafter are covered. Under the ALL-FAMILY PLAN and the HUSBAND-WIFE PLAN, childbirth or pregnancy or any consequence thereof is covered after your policy is in force for 10 months.

**12. What if someone in my family has had a health problem that may occur again?**

Even if one of your covered family members has suffered from chronic ailments in the past, pre-existing conditions are covered after the policy has been in force for one year.

**13. What conditions aren't covered?**

Only these minimum necessary exceptions: pregnancy or any consequence thereof (unless you have the ALL-FAMILY PLAN).

\*Not applicable in Missouri

**FAMILY PLAN or the HUSBAND-WIFE PLAN), war, military service, mental disorder, alcoholism or drug addiction, or if something happens "on the job" and is covered by Workmen's Compensation or Employers Liability Laws.**

**14. Can I drop out any time? Can you drop me?**

We will never cancel or refuse to renew your policy for health reasons—for as long as you live and continue to pay your premiums. We guarantee that we will never cancel, modify or terminate your policy or change your rates unless we do so on all policies of this type in your entire state or until the maximum (Aggregate of Benefits) of your policy has been paid. You, of course, can drop your policy on any renewal date.

**15. Why is The Doctors Hospital Plan almost like having an extra "bank account"?**

When your policy is issued, your insurance provides up to \$10,000, \$7,500 or \$5,000—depending upon the plan you choose. This is your "Health-Bank Account." Then, every month your policy is in force, a sum equal to your regular monthly premium (including your first month) is actually added to your maximum. When you have claims, benefits are subtracted from your "account."

**16. Will my claims be handled promptly?**

Yes. With your policy, you will receive a simple, easy-to-use Claim Form. Your claims will be processed quickly and your checks sent directly to you.

**17. Why are the premiums so low?**

With The Doctors Hospital Plan, you actually get all these benefits—at such a low cost—because this is a mass enrollment plan—and no salesman will call. Our volume is higher and our total sales costs are lower.

**18. How much does my first month cost?**

Only \$1.00, regardless of your age, the size of your family or the plan you select. After the first month, if you are under 65, you pay: only \$3.95 a month for the INDIVIDUAL PLAN; only \$6.45 a month for the HUSBAND-WIFE PLAN; only \$7.95 a month for the ALL-FAMILY PLAN; only \$5.95 a month for the ONE-PARENT FAMILY PLAN. (When you are over 65, premiums increase. See modest increase in box above.)

**19. Why should I enroll right now?**

Because an unexpected sickness or accident could strike without warning—and you will not be covered until your policy is in force. Remember, if for any reason you change your mind, you may return your policy within 10 days and your \$1.00 will be refunded immediately.
